iléktró™

seven fifty aspect electric fire

Bring firelight to any room with the Ilekro 750 Aspect.

More compact in design, the Ilekro 750 is ideal for bringing light and warmth to smaller spaces.

Without the need for a flue or additional ventilation and with the option for front, right-hand, left-hand and bay orientation, the fireplaces in our Ilekro range offer complete creative freedom.

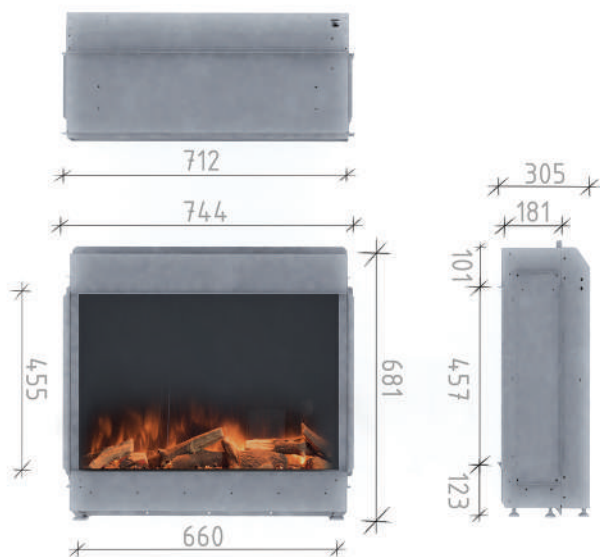

Features

- Simple and hassle-free installation – no flue required
- Duoflame Multi Flame colour technology with 7 settings
- Adaptive heating technology – 0-2000W output
- Patented even heat distribution technology built into all models
- Energy-saving LED Multi Flame technology
- Use of flame effect with or without heat
- Full-screen display with realistic flame patterns
- Underbed mood lighting with 7 settings
- Choose from 28 Aspect and Landscape models
- Front, left-hand, right-hand and bay orientated options for all models
- All four orientation options professionally packed into one box
- Clear-vision, low-reflection front glass
- Unique side glass reflection
- RF touchpad remote control with colour screen display
- 7-day programmable timer with room thermostat
- 240V/10A standard electric plug fitting
- 2 year warranty on all models
