

Mitre Top Bollard 1000mm Above Ground 152mm - 193mm Diameter Galvanised & Black

The AUTOPA Mitre Top Bollard has a modern and striking design. Aesthetically pleasing, this simple, elegant bollard is perfect for preventing unauthorised vehicle access or parking in communal areas.

Manufactured from galvanised mild steel, it is designed to look good on even the busiest sites for many years. Supplied ragged as standard, flanged and removable are also available. Fixing bolts for the flanged version, and padlock to secure the removable version are available at an extra cost.

Mitre Top Bollards shown are coated black, complete with (an optional, available at extra cost) yellow reflective band). Other colours are available upon request (please state RAL number at time of order).
