

Denham Shelter - Galvanised Galvanised Steel Frame Open - Galvanised Sheet

The Denham shelter is a free-standing, open sided shelter designed for on site assembly, constructed from galvanised mild steel. Complete with galvanised sheet curved roof.

Width of 2m, with lengths from 1m-5m, extension bays can be added to achieve the desired shelter length.

Bolt down as standard.

Installation & use

This product is guaranteed for 12 months (if installed and used correctly)
Each shelter leg requires bolting down to a suitable concrete surface, using expanding anchor bolts
The area surrounding the installation must be flat and level with no nearby surface irregularities or gradient changes
On-site assembly requires construction skill
