

# AeroX Heat Pumps

**OMNIE is one of the UK's leading underfloor heating (UFH) specialists. Our award-winning systems are designed to maximise energy efficiency, optimise heat output, and deliver the perfect indoor environment.**

We believe that applying a holistic approach to domestic energy is the best way to ensure that the benefits of low-carbon technologies are realised.

We're now applying our knowledge and experience to the process of capturing heat energy, with the launch of AeroX, our new Air Source Heat Pump range.

AeroX perfectly pairs with all our UFH products to provide homeowners with an outstanding low-carbon heating and hot water system.

- Easy to install and maintain A+++ rated heat pump with commissioning by us.
- Fully tested and compliant with BS 14511 (product) and BS 15450 (system design).
- Monoblock type models of 6kW, 9kW & 12kW. Twin models of 15kW & 19kW.
- Peace of mind for you & your clients with our comprehensive 7-year warranty and homeowner servicing plan.
- Seamless, guaranteed integration with our market-leading underfloor heating products.

## 6, 9 & 12 kW

Compact design.  
Simple and straightforward installation.  
Quiet operation. A+++ rated.  
Advanced control system for compressor running speed.

## 15 & 19 kW

Higher performance for larger properties.  
Shares same uncomplicated design & advanced technology as the smaller units.  
Just as easy to install and maintain.

OMNIE.
