

## Pillars/ Columns

Generated on 02.10.2017

### Detailed description

Cast stone columns and pillars for both internal and external use.

Supplied solid or with hollow section. Height variations can be obtained by increasing the base block height.

Cast stone column bases or column caps can be provided if required.

### Options

#### Type:

A wide range of non-standard pillar types is available – consult manufacturer and insert requirements. Standard size variations include: 2013 x 400 mm, 2738 x 400 mm with 350 mm diameter, 2065 x 355/ 470 mm and 2237 x 400/ 370 mm. Some pillars are not available in hollow version. See manufacturer's literature for information.
