Design harmonious spaces with Altro

[altro.co.uk](http://altro.co.uk)

---

# Strike the right chord in your public spaces

---

One product doesn't fit all. Each room in a building has different needs and challenges. Altro are introducing three complementary products to meet the needs of different areas. Colourful, easy to clean and compatible with each other, they provide the harmonious look you want while giving the performance you need.

---

**Altro Orchestra** provides 15dB sound reduction and comfort underfoot.

**Altro Operetta** is a robust floor for high traffic areas.

**Altro Serenade** has 19dB sound reduction to reduce the transfer of noise between rooms and create a calming atmosphere.

The three ranges draw from the same colour palette so you can create the right atmosphere for each room.

For environments that need to promote wellbeing, Altro floors and walls can be used to create a biophillic design – using shades and images found in nature. This helps create a sense of calm and studies have shown it can speed up the recovery process.

These ranges are perfect for internal rooms with a low potential for spills from water and contaminants.

### Did you know?

We take sustainability seriously. Our resilient floors are made in Europe, have low TVOCs, contain bioplasticisers and are phthalate free. They can be recycled at the end of their life.

---

# Altro Orchestra™

---

## Typical applications:

School, kindergarten  
and university corridors  
and classrooms.

Student accommodation.

Hospital and care home  
corridors and patient /  
resident rooms. Retail. Home  
adaptations / social housing.

---

For areas where comfort and sound reduction are important, 2.85mm Altro Orchestra has been engineered to create the ideal environment to learn and live. Low residual indentation facilitates the flexible use of equipment and furniture, including hospital beds. At the same time, the integrated impact sound insulation system cuts impact sound by up to 15dB.

It offers comfort underfoot making life easier on the feet of students and patients but particularly hard-working staff who spend countless hours on the move.

With a palette of 40 colours and designs varying from calming neutrals reflecting tones of nature, to vibrant shades, Altro Orchestra allows you to create the right atmosphere every time. It coordinates with Altro Operetta and Altro Serenade for a complete look throughout.

Combine with our extensive range of Altro wall cladding: Altro Whiterock for areas requiring a hygienic surface and Altro Fortis wall protection for busy areas that need extra protection.

### Did you know?

Schools which have a biophilic design have seen reduced absenteeism of an average of 3.5 days per pupil

# Altro Operetta™

---

## Typical applications:

Hospital / care home corridors and patient rooms. Retail. schools, universities – general circulation areas, corridors.

---

Altro Operetta is a robust floor perfect for medium to high traffic areas. It is easy to clean and maintain. It has 25 attractive, natural and contemporary colours and finishes to fit in your interior design scheme. It matches and coordinates with Altro Orchestra and Altro Serenade to create a complete look throughout.

Combine with our extensive range of Altro wall cladding: Altro Whiterock for areas requiring a hygienic surface and Altro Fortis wall protection for busy areas that need extra protection.

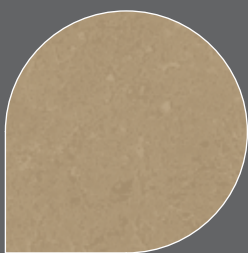

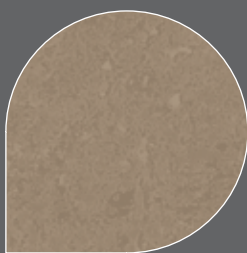

### Did you know?

In a study patients recovered faster, required 22% less medication and reported feeling less pain in a biophillic designed environment

# Altro Serenade™

## Typical applications:

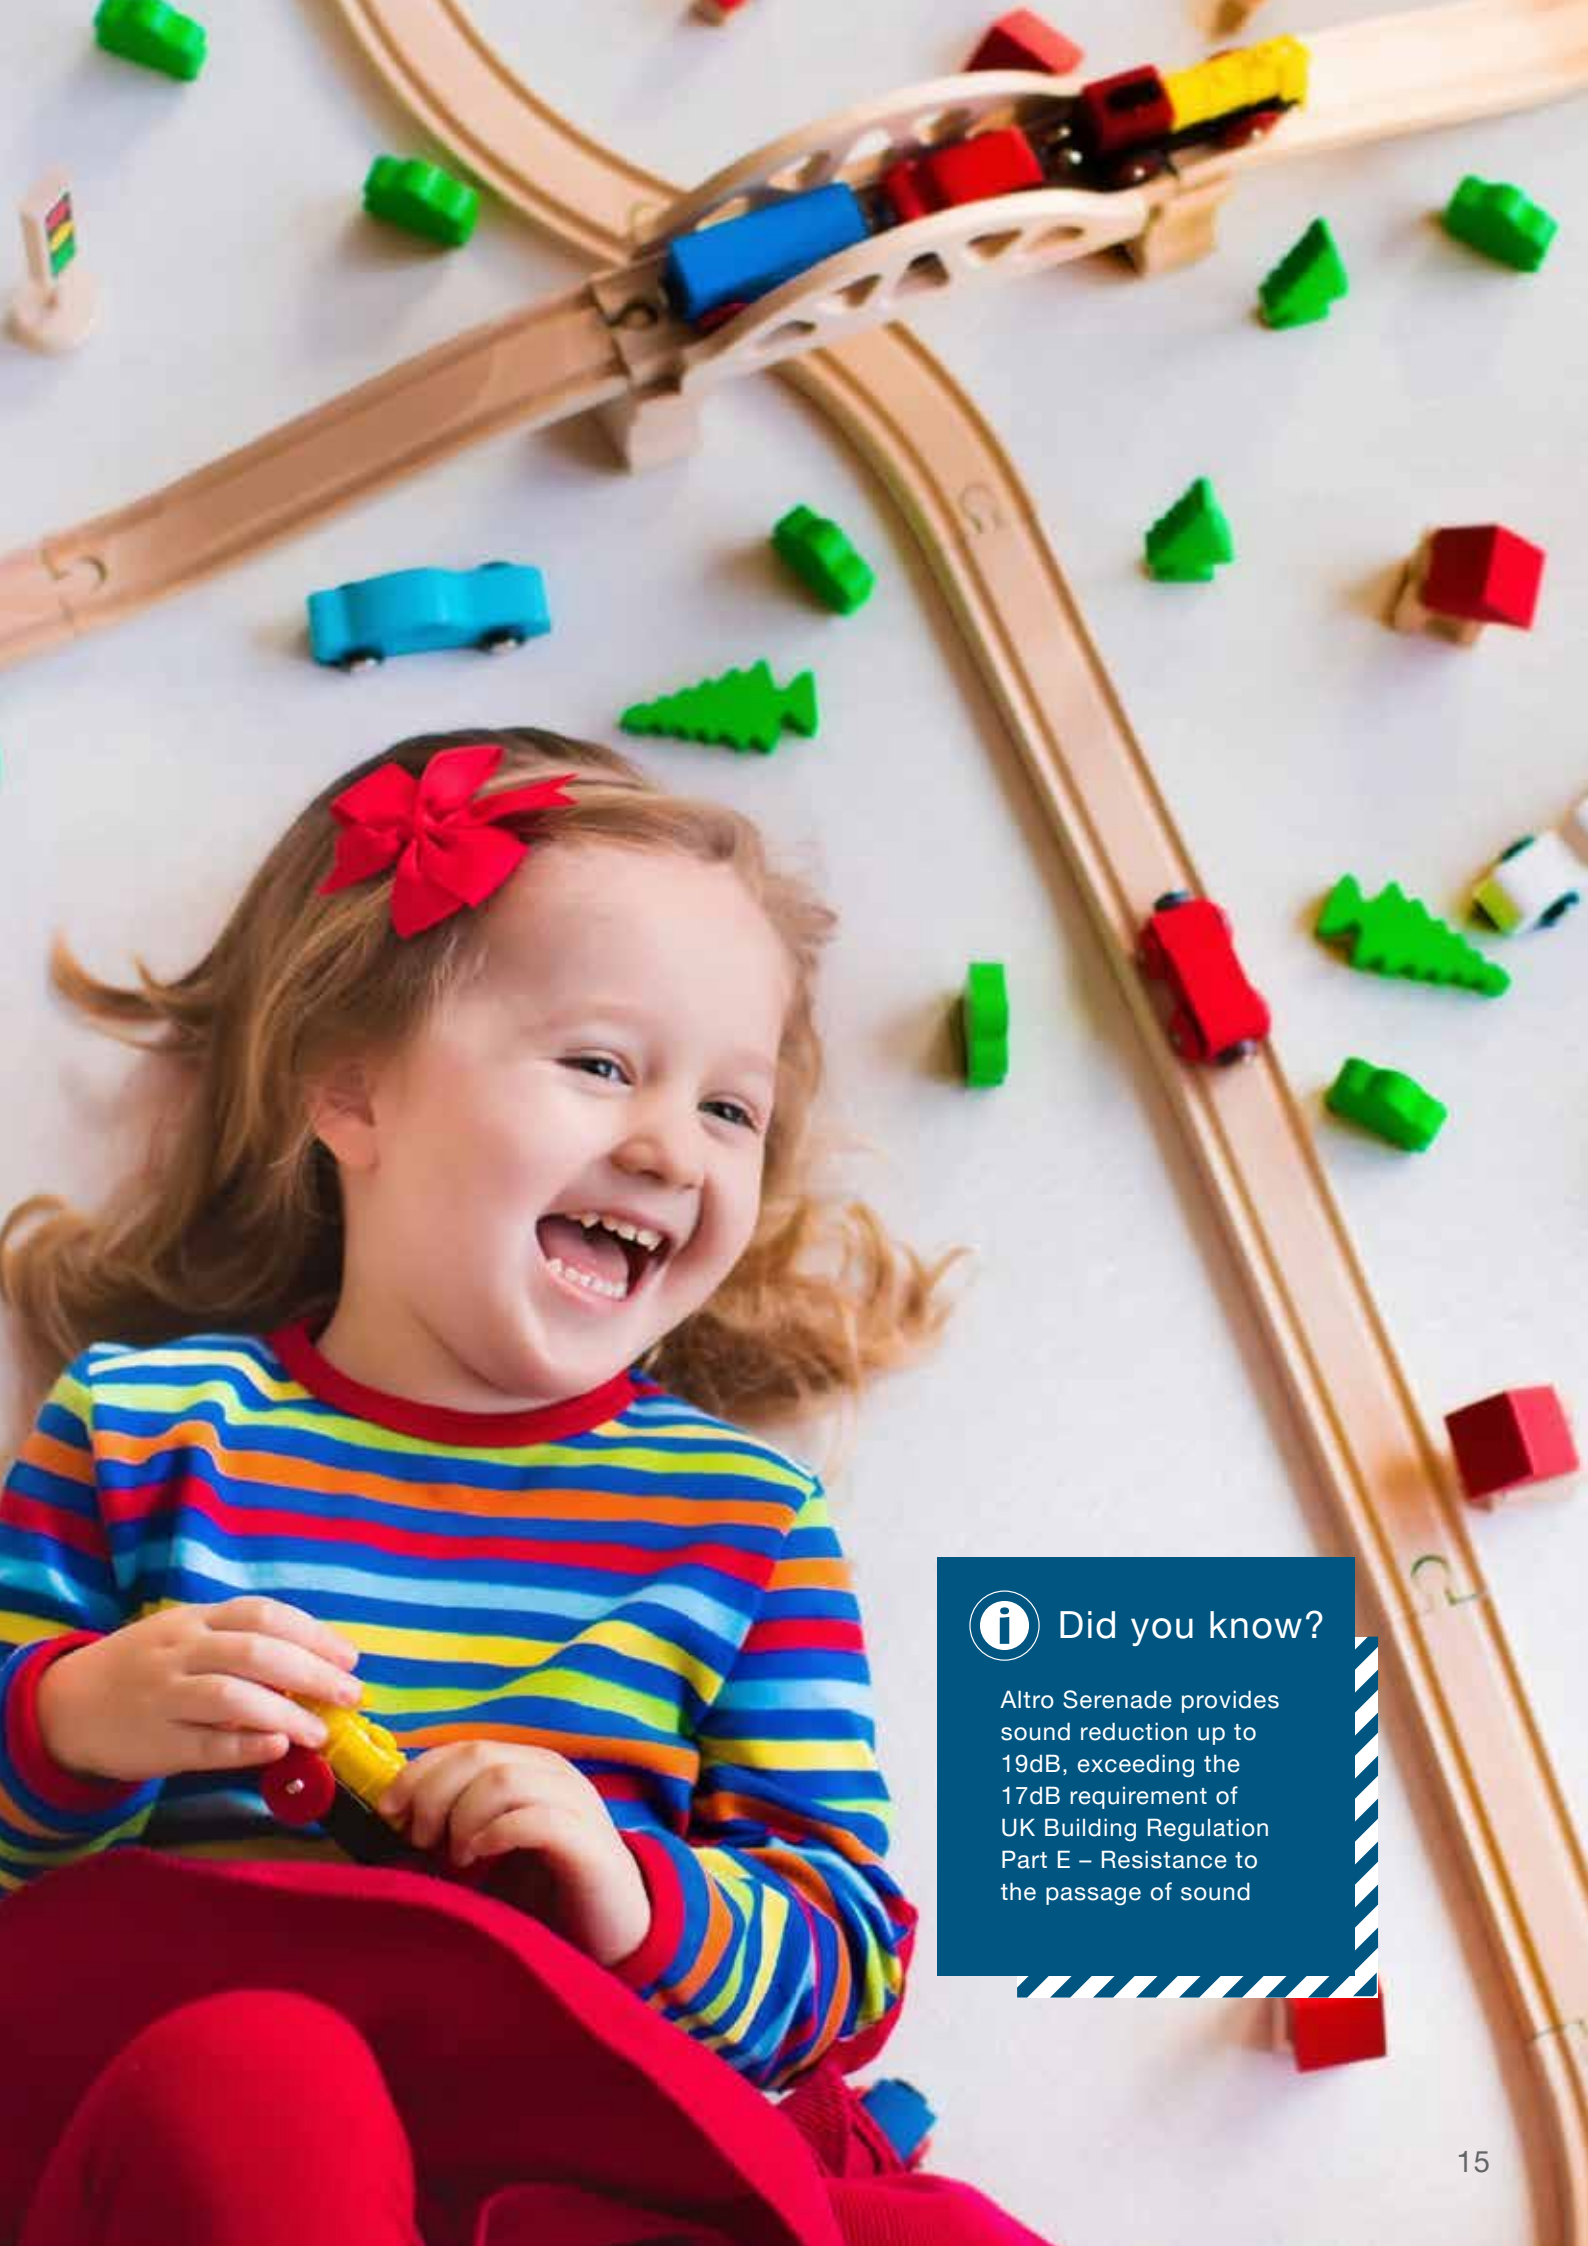

Kindergarten playrooms.  
Hotel rooms. Offices. Care  
homes. Anywhere where the  
passage of sound must be  
prevented between storeys.

Silence is golden. Whether softening the sounds of little feet or maximising privacy at work or leisure, acoustic Altro Serenade is more than up to the task. At 3.9mm thick and with 19dB impact sound insulation, not only does it reduce noise, it provides a high level of comfort underfoot, making it a great solution for well-used spaces.

With 15 colour and design options, it matches and coordinates with Altro Orchestra and Altro Operetta.

Combine with our extensive range of Altro wall cladding, Altro Whiterock, for areas requiring a hygienic surface and Altro Fortis wall protection for busy areas that need extra protection.

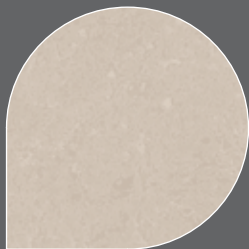

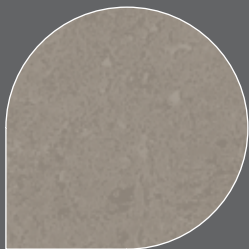

### Did you know?

Altro Serenade provides sound reduction up to 19dB, exceeding the 17dB requirement of UK Building Regulation Part E – Resistance to the passage of sound
