DATASHEET

FLIP TOP TILLS

Safetell Flip Top Tills contain a removable lockable steel cash box for individual cashier floats. Coins are stored in pre-formed bowls. Additional cash boxes are available for multiple cashier fast service change over. With custom layouts available, typical applications include banking and retail industries, ticket offices, petrol forecourt and local authorities.

MAIN FEATURES

- Robust design suitable for heavy commercial use
- Secure drawer with lockable removable cash box
- Till models contain 8 coin bowls and 4 bank note sections
- Designed to shield cash within the till, thereby reducing the opportunity both for viewing the amount of cash and snatch by potential aggressors

OPTIONAL

- Can be fitted to the counter directly using either an optional mounting cradle or directly to counterwork by virtue of a counterwork design mount aperture
- Special designs for high volume applications
- Safetell installation
