SPLASHPANEL PIETRA ANTHRACITE

- **Showerwall** - Showerwall is the ultimate waterproof panelling system, designed to deliver a smooth, watertight finish whilst also being hard-wearing, stain resistant and totally hygienic. Choose from Laminate or Acrylic panels in a range of stunning designs.
- **Splashpanel PVC panelling** - Designed for walls, Splashpanel is a stylish and cost-effective alternative to tiles. Panels are 100% waterproof - making them perfect for showers, bathrooms and wetrooms.
- **Proplas PVC panelling** - Fast and easy to fit, with a range of stylish decors to choose from - Proplas panels are ideal for the walls or ceiling of any room.
- **Proplas PVC tile range** - The Proplas tile range offers three tile effect wall products with a choice of matt, gloss or satin finish, providing all the great looks of traditional tiling without the mess and maintenance - simply perfect!
- **Basix PVC waterproof panelling** - Our entry level of internal decors, for ceilings and walls in showers, bathrooms and wet rooms.
- **Vilo decorative panelling** - Modern European decors with some adding a textured finish, this range is not only ideal for the bathroom, but can lift a room from an office to living area.

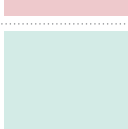

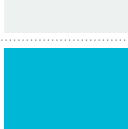

SHOWERWALL LAMINATE - BRECCIA MARBLE

SHOWERWALL ACRYLIC

SHOWERWALL ACRYLIC WALL PANELS
100% waterproof
Fast & easy installation
Smooth glass-like finish
Hygienic & easy to clean
Colour match sealant available
Can be installed directly over tiles
30-year guarantee

Acrylic Panels
Showerwall acrylic panels are manufactured from a 4mm acrylic sheet that is rear printed to create a polished glass-like finish. Choose from a selection of soothing shades to capture a tranquil mood, or something bolder for a brighter, contemporary look.

SPLASHPANEL PVC WALL PANELLING

DELIVERED WITHIN 24-48 HOURS

Splashpanel Wall Panels

Designed for walls, Splashpanel is a stylish and cost effective alternative to tiles. Panels are 100% waterproof - making them perfect for showers, bathrooms and wetrooms. Choose from exclusive Premium designs, some of which are available in narrow widths for smaller rooms.

The 10mm thick cellular PVC structure of Splashpanel ensures the panels are durable yet lightweight. Easy to clean, with no grout lines, the Splashpanel hygienic, non-porous surface provides excellent protection against bacteria and stains and is mould resistant too.

SPLASHPANEL PVC WALL PANELLING

100% waterproof - Suitable for wet areas
Cost Effective - Value alternative to tiling
Fast Fit - Quick, easy fit, no wet trades required
No Hassle - Virtually maintenance free
Non-Porous - Non-porous and mould free
Easy Clean - Hygienic and wipe clean
Cover It - Can be installed over existing tiling
5-year warranty - Domestic use warranty
Fire Rated - Fire Rating tested to BS EN 13501-1:2007 achieving and F.R. classification of C,S3,D0.

Laminate Panels

Showerwall laminate panels are 10.5mm thick, and deliver a smooth, watertight finish whilst also being hard-wearing, stain resistant and totally hygienic.

Laminate panel designs range from luxuriously veined marbles, to earthy stones and shimmering quartz, offering matt, tactile and uniquely synchronised texture finishes.

CEILING CLADDING

- FEATURES & BENEFITS
- Lightweight and quick to install
- Easy to clean
- Full range trim

Ceiling cladding

Ceiling cladding is designed to keep a beautiful finish in all conditions. Our ceiling cladding system is the perfect choice when you are decorating troublesome areas. It is easy to install, even in tight corners or around edges. Plus, the simple finish and low maintenance material mean that the product is easier to keep clean long-term - as there's no grout to trap dirt and bacteria.

FLOORING

CONTENTS

Malmo LVT click plank	44
Malmo LVT rigid tile	45
Naturals	46

LUXURY VINYL FLOORING

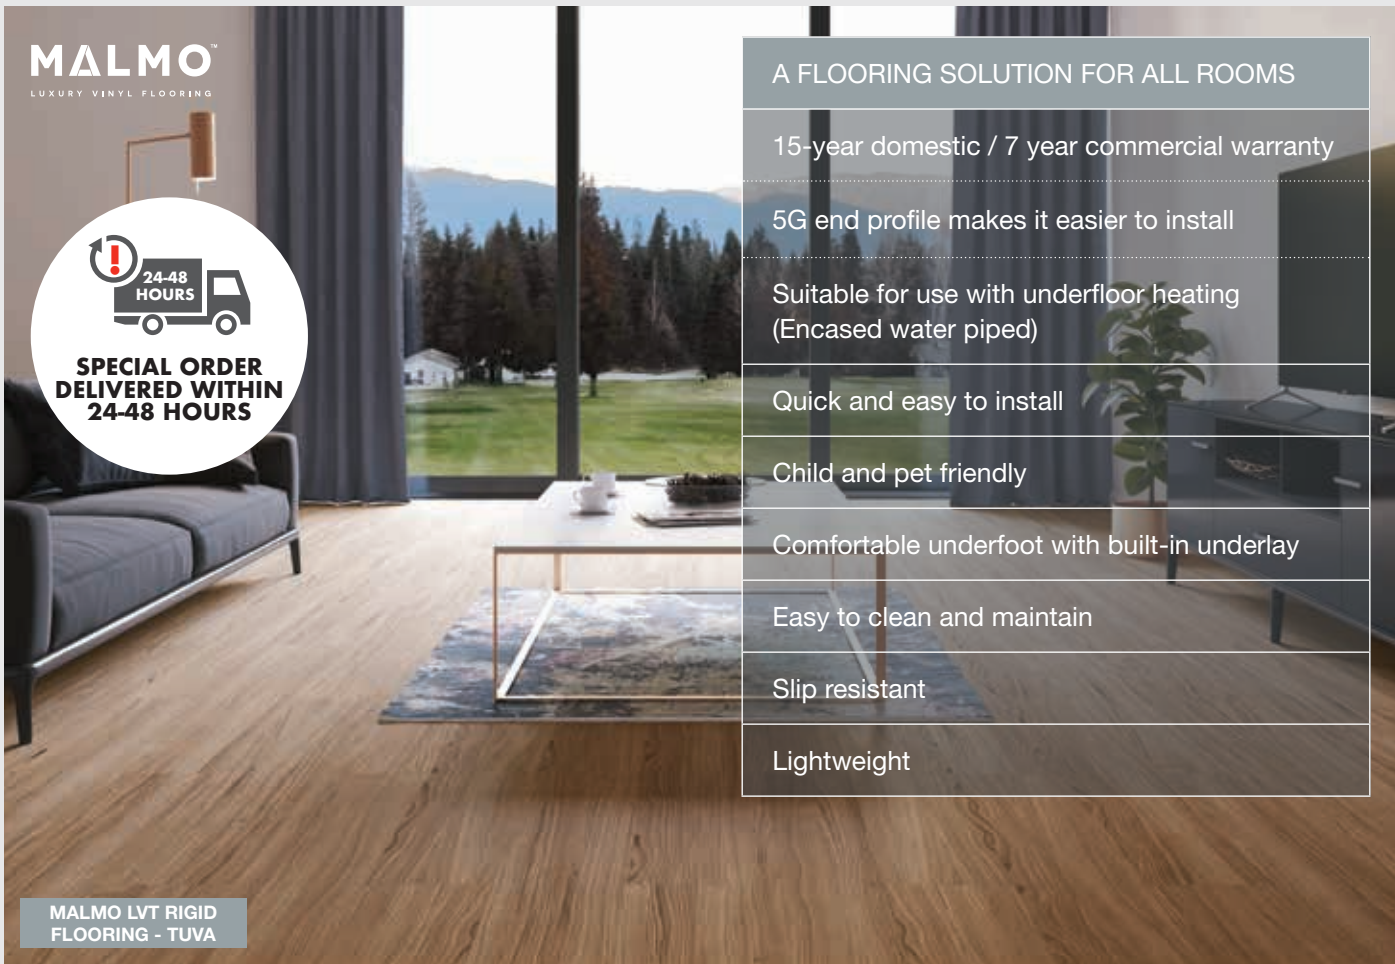

The perfect flooring solution for all rooms

- **Malmo LVT rigid wide click plank** - Extra width makes for extra style, with more surface space to show off the natural variations of real wood, like knots and grain. Malmo flooring does not require any separate form of soft underlay material beneath it and should be laid directly onto a flat, and prepared as necessary, solid sub floor surface.
- **Malmo LVT rigid narrow click plank** - Narrower planks cleverly create a sense of space in smaller areas - and they come in a range of smart shades, from light oak to darker hues. Malmo flooring does not require any separate form of soft underlay material beneath it and should be laid directly onto a flat, and prepared as necessary, solid sub floor surface.
- **Malmo LVT rigid tile** - Perfect for kitchens and bathrooms, the tile range creates the look and feel of real tiling across a versatile choice of colours to suit classic or contemporary interiors. Malmo flooring does not require any separate form of soft underlay material beneath it and should be laid directly onto a flat, and prepared as necessary, solid sub floor surface.
- **Naturals** - The natural range features a rigid solid polymer composite technology, this range is a step up from traditional LVT flooring and results in a thinner, harder, stiffer plank or tile.

MALMO LVT RIGID FLOORING - EBBA

LUXURY VINYL FLOORING

MALMO LVT RIGID FLOORING

Malmo flooring does not require any separate form of soft underlay material beneath it and should be laid directly onto a flat, and prepared as necessary, solid sub floor surface.

Malmo LVT rigid WIDE click planks

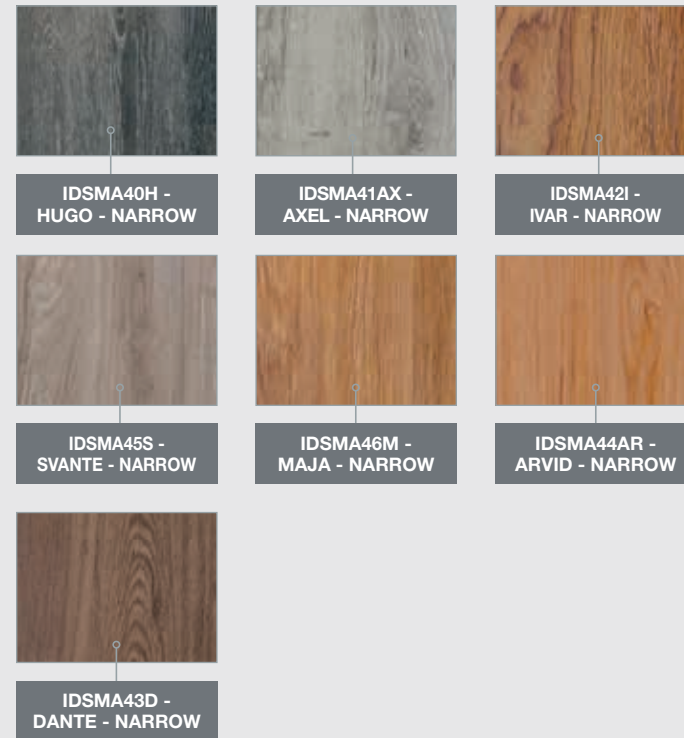

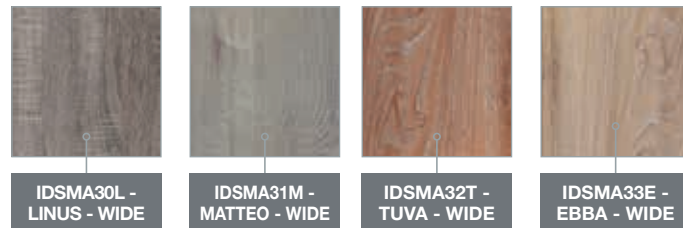

Extra width makes for extra style, with more surface space to show off the natural variations of real wood, like knots and grain.

Size: L:1500 x W:220 x T:5.5mm

Wear layer: 0.30mm

Pack coverage: 1.98m²

Code	Description	Qty
IDSMA30L	LVT Rigid Click Wide Linus	6 pack

NATURAL RANGE FLOORING

Natural Range Flooring

The natural range features a rigid solid polymer composite technology, this range is a step up from traditional LVT flooring and results in a thinner, harder, stiffer plank or tile.

FEATURES & BENEFITS

Easy Clean – A simple sweep and mop will have the Natural flooring planks looking as good as new

Strong & Stable – Thinner, harder, stiffer planks than traditional LVT offer increased durability

Soft & Silent – Quiet and soft underfoot for noise reduction and a more comfortable floor

Easy Fit – Tongue and groove style fitting system, for quick and simple installation

Water-resistant

Fire Rated - BFi Class

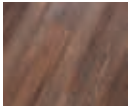

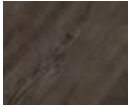

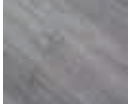

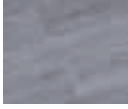

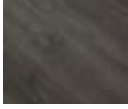

Built in underlay

10-year Warranty

CORNER TRIMS

Internal and external corner trims connect skirting lengths – removing the need for mitring. They simply slot together for a perfect finish every time (adhesive required).

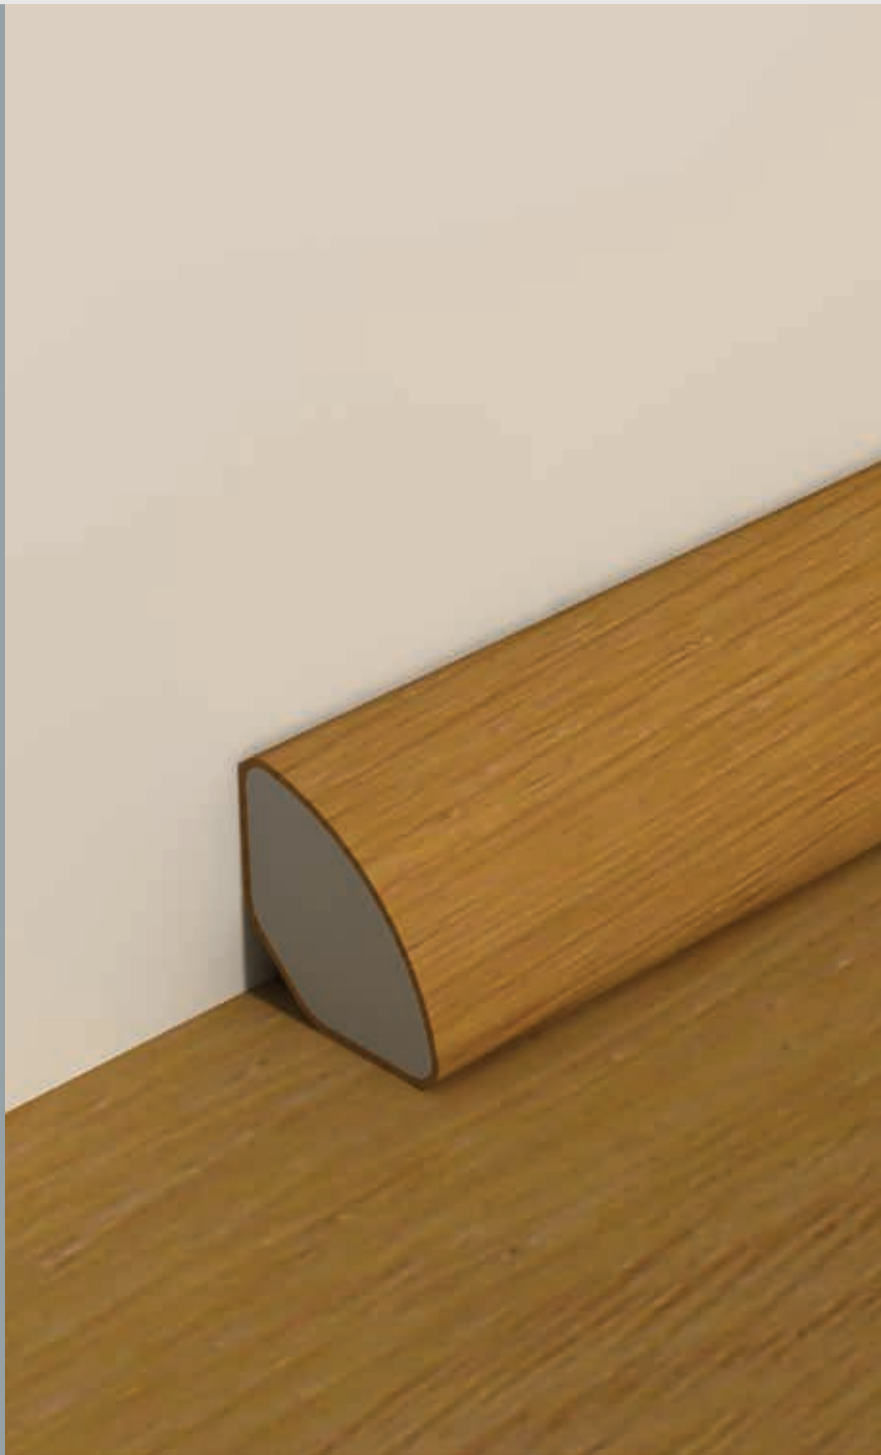

DOOR SURROUNDS

Our architraves perfectly frame doorways. The single door kit requires only one mitre cut, then it all fits cleverly into place. Cover trims are available if required.

FINISHING TRIMS

Precision-manufactured, the perfect finish for all projects

- Suitable for use around windows, floors and more
- Robust components designed for long-life performance
- Manufactured from lead-free calcium organic PVC-U compound – for minimal environmental impact
- Available in a choice of colours to suit all projects
