MATERIALS & their properties....

All Richard Burbidge balustrade systems have been tested by FIRA to the relevant Building Regulations. The certification is approved by BM TRADA - the Timber Research & Development Agency.

TIMBERS

WHITE OAK- a timeless choice for character properties.
Hard wearing premium hardwood timber with a fine abstract grain pattern. Renowned for its superb finishing quality.

HEMLOCK- a beautiful warm natural finish.
A clear near knot-free softwood timber. Ideal for painting, staining or varnishing.

WHITE PRIMED - the perfect choice to save time.
High quality timber supplied pre-primed in white eggshell ready to finish. Compatible to mix & match for a perfectly classic look.

PINE- practical and affordable, a great all-rounder.
Light coloured knotty softwood. Naturally good looking timber that's great value for money.

GLASS & METAL

GLASS PANELS - the ultimate in safety.
Our light and space enhancing toughened glass panels bring light and style to hallways.

GUN METAL FINISH
A fantastic choice when looking to build a truly modern and contemporary space.

BRUSHED NICKEL EFFECT
A softened look to complement your timber choice.

CHROME FINISH
The perfect choice to complete the sleek contemporary look.

BLACK FINISH
The classical finish suitable for traditional and modern homes.

Style your stairs

A first impression. A focal point. With life flowing along and around it day and night. It may seem an odd way to look at a staircase, but when you think about the role it plays you can see why it's so important that it suits the style of home it's in.
