

## Sovereign Flood Pump Kit

Portable emergency electric pump to remove flood waters from basements and low lying properties.

### Product Code **30616542**

#### Description

The Flood Pump Kit is designed to remove flood water from your property with speed and efficiency. The pump can operate within the filter chamber for extra protection or independently as required. With manual operation the pump can reduce the water level to 40mm.

The system consists of a slotted polyethylene chamber with a removable automatic waste water submersible pump and delivery hose.

The system is fully portable and is ideal for emergency situations. It is an ideal system to provide peace of mind to those with basements or low lying property.

#### Key Features

- ✓ Completely portable and automatic
- ✓ Filter chamber provides protection to pump, but can be used independently in clean water environments
- ✓ Manual pumping to low level (40mm)
- ✓ High output flow of up to 10,000 litres per hour
