

Insulation retaining discs

A universal insulation retaining disc to suit most styles and sizes of wall tie

Use

- A universally designed insulation retaining disc
- Suitable for general purpose, light duty and heavy duty applications

Features and benefits

- Will fit most wall ties available from leading wall tie manufacturers
- Suitable for both fibre and rigid slab insulation
- Firm grip design that will not move on the wall tie

Quality

- Satisfies all NHBC requirements
- Manufactured to BS EN ISO 9001 and BS EN ISO 14001
- Complies with all relevant Building Regulations
- Meets all relevant British Standards

Material and colour choice

- Manufactured from polypropylene
- Available in red or black

Products in the range

Insulation retaining disc in red - Product IRD80R - **Quantity 1500**
Insulation retaining disc in black - Product IRD65BL - **Quantity 1000**

Installation advice

- Insulation retaining discs should be fitted to every wall tie for applications when insulation retainers are required
- Spacing and quantity calculations should be as wall tie guidance
- Consult latest NHBC Standards for required spacing
- 'Where partial cavity fill is to be used,' ties/discs should be spaced at 600mm centres horizontally and in vertical as well as horizontal rows, ie not staggered
- Retaining discs are clipped onto wall ties either before building in or in situ
- Due to the firm grip design the disc may require opening slightly to accept the wall tie
- It is recommended that the wall tie is held in position when the disc is offered and clipped in place

How to order

- Typically one disc per wall tie. Approximately 5 per square metre
- State the product code
- Supplied in pack quantities of:
 - 1500 - IRD80R
 - 1000 - IRD65BL

Product codes

Insulation retaining disc

Colour	Diameter	Product code
Red	80mm	IRD80R
Black	65mm	IRD65BL
