### Dulux Trade Diamond Glaze Varnish

A water-based lacquer for maximum durability. Ideal for floors, doors, trim, furniture and joinery.

#### KEY BENEFITS

For all high wear interior wood surfaces, especially floors  
Up to 10 times tougher than conventional varnish\*  
Water-based and quick drying - recoat in 2-4 hours

|                       |   |                     |           |
|-----------------------|---|---------------------|-----------|
| <b>Drying Time:</b>   | 1-2 hours*  | <b>Recoat Time:</b> | 2-4 hours |
| <b>Coverage:</b>      | Smooth wood 25m <sup>2</sup> /litre/coat (normally 2-3 coats on new/bare wood)  |                     |           |
| <b>Pack Sizes:</b>    | 1 litre, 2.5 litre, 5 litre   |                     |           |
| <b>Colour Choice:</b> | Available in clear gloss and satin finish. Also available in 21 natural wood and 18 designer colours (colours only available in satin finish) |                     |           |

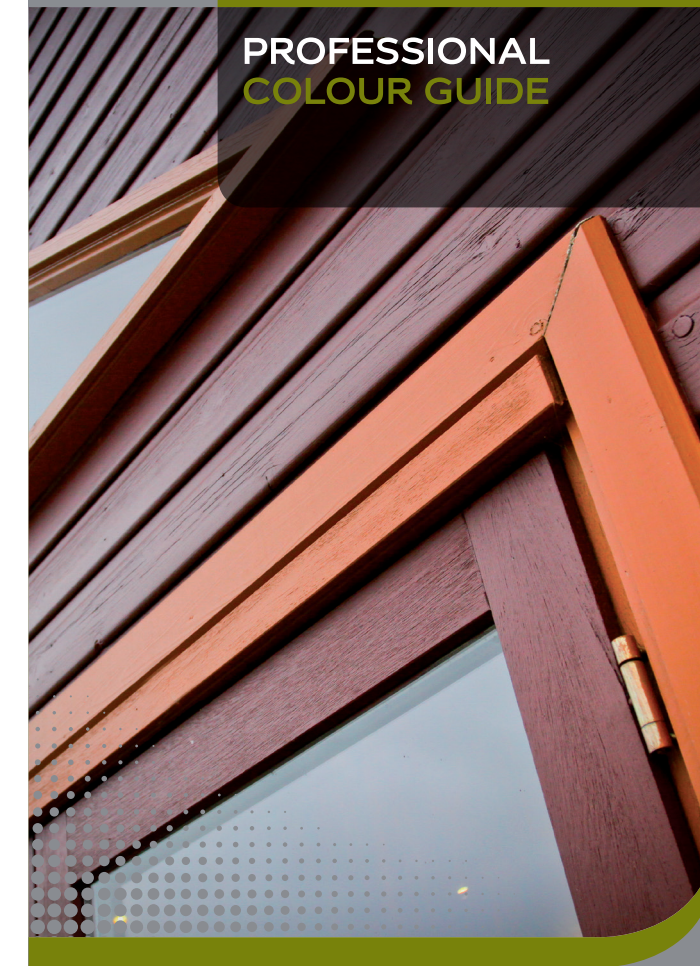

\*10 times tougher than conventional varnish, based on hardness tests undertaken with the use of Research Equipment London (REL) testing equipment.  
\* Light foot traffic is possible after 24 hours but to prevent possible damage to the floor while the full mechanical resistance develops, avoid heavy wear and do not replace carpet or rugs or move furniture for at least 7 days after application.
