also buying an Albion vented cylinder

## Introducing Kingspan Ferham

Brand leader in cold water storage for nearly 40 years, Kingspan Ferham Cold Water Tanks are renowned for their robust design and manufacturing quality.

Kingspan Ferham tanks are approved for the hygienic storage and supply of cold potable water to an open vented cylinder; they can also be used as expansion tanks in vented heating systems.

They are manufactured under a quality management system which is fully compliant with ISO 9001:2015, with cisterns not only meeting industry standards but exceeding them with some products even featuring the gold standard of full British Kitemark to BS4213:2004.

## Product Guide Kingspan Ferham

Cold Water Storage Cisterns

[kingspancylinders.com](http://kingspancylinders.com)

Key Features:

- Roto-moulded from approved hygienic polypropylene plastic
- Robust cistern design for maximum durability
- Available in capacities from 4 to 100 gallons (18 to 455 litres)
- Selected models Kitemarked to BS4213:2004 (Open Top Oval cisterns only)
- Manufactured from WRAS approved materials
- 1-Year guarantee against manufacturing defects

Now supplied complete with kits\*

To make it easier for the installer and help ensure installation complies with the water regulations, we have updated our range and now supply our most popular cisterns with kits.

\* Oval Kitemarked cisterns and Low Level (Coffin) cisterns only  
† BK4G does not include Byelaw 30 fittings (lid, insulation jacket & backplate only)

Open Top (Stackable)

Popular with installers, open top cisterns can be easier to fit through tight loft hatches. The open top gives full access for fitting all components, making the tank substantially quicker to fit.

Capacity		Height	Width	Depth	Code	Code
G	L	(mm)	(mm)	(mm)	CISTERN	KIT
RECTANGULAR						
4	18	320	480	250	FC4G	BK4G†
OVAL - KITEMARKED to BS4213:2004						
15	68	380	860	508	FC15G	Sold with kit
25	114	515	860	508	FC25G	
40	182	440	1265	670	FC40G	
50	227	525	1265	670	FC50G	
CIRCULAR						
25	114	584	660	660	FC25GC	BK25GC
50	227	685	840	840	FC50GC	BK50GC

Low Level (Coffin)

Specifically designed with a low profile to make them suitable for installing in locations with limited headroom, such as lofts. They are fully enclosed to provide maximum protection from contamination.

Capacity		Height	Width	Depth	Code	Code
