TEGOLA 
CANADESE

Prestige: the copper tile
Recommended for
designers who prefer
the unleashed energy
of copper, a noble
material, and like the way
it changes colour over
time.

TEGOLA 
CANADESE

Prestige Antique:
the antique copper tile

For those who like its
green effect that evokes
the eternal beauty
of times past. The
variegated tones of the
roof are a feature of this
product.

TEGOLA 
CANADESE

Prestige ZT:
the zinc-titanium tile

Lovely, magical, silver
sparkle for an elegant yet
futuristic outcome.

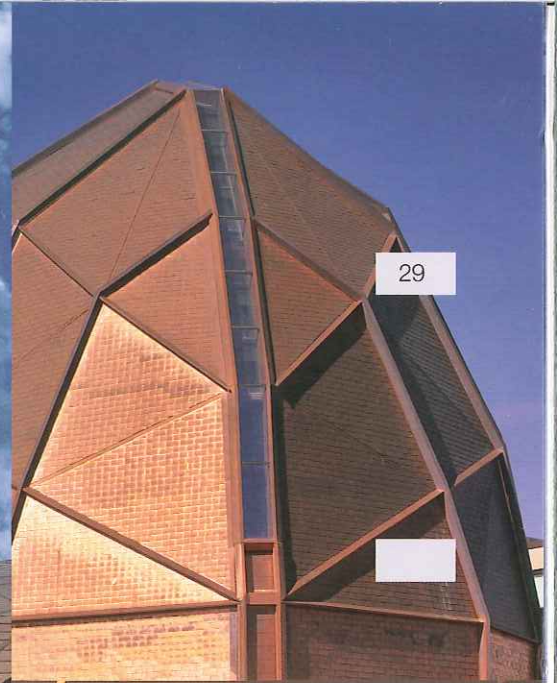

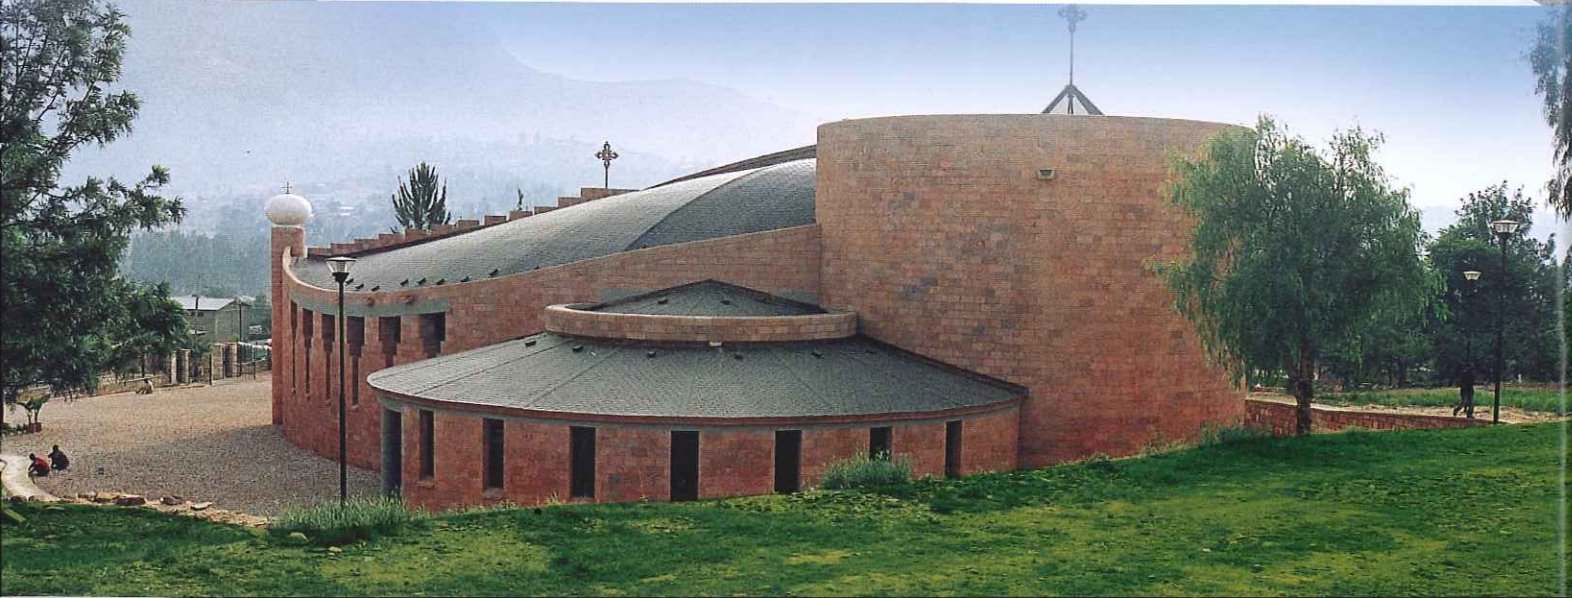

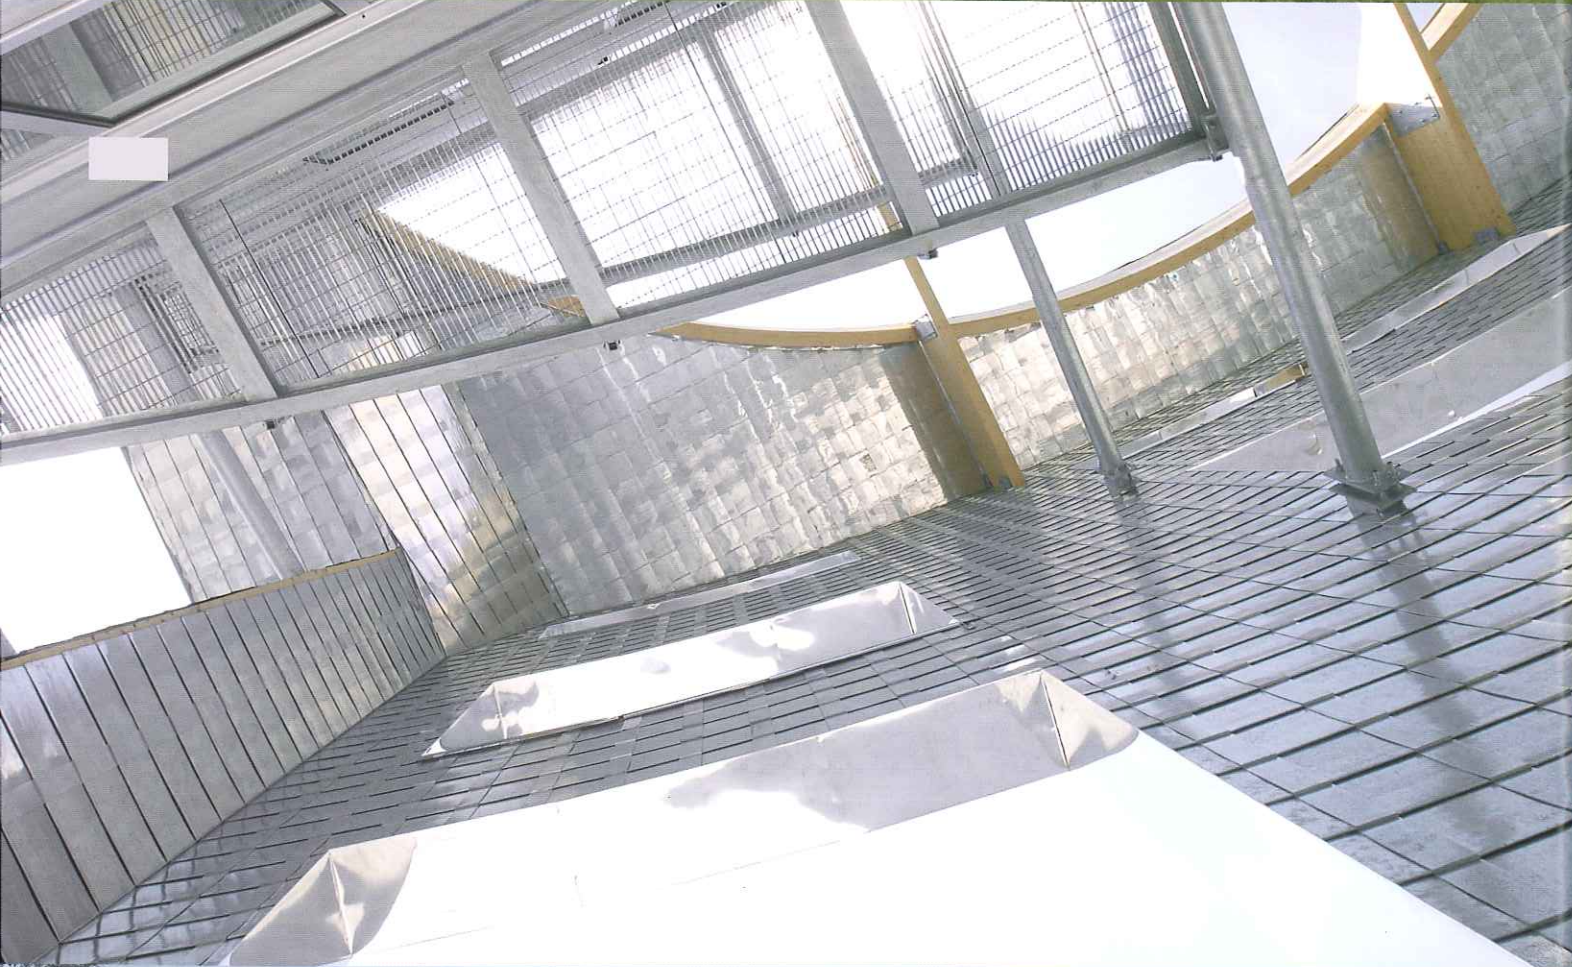

TEGOLA
CANADESE

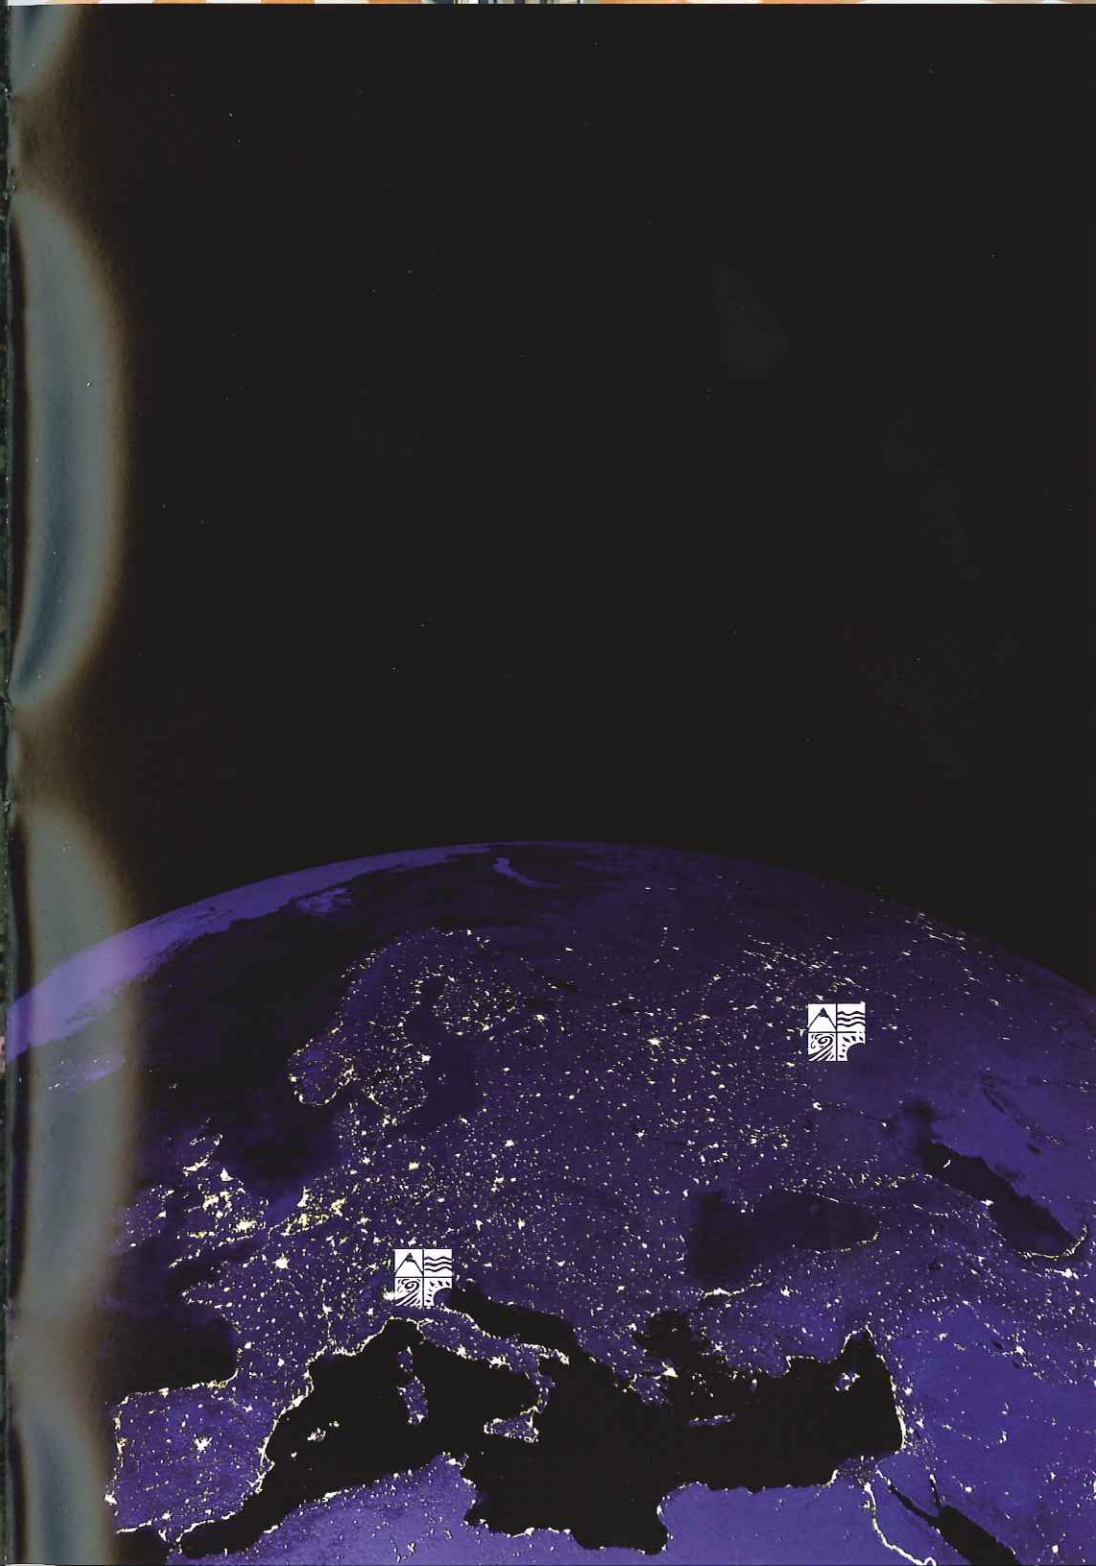

Roofs and roofs ...
...the widest and most
unusual variety of
shapes.

Tegola Canadese's Metal
line always guarantees a
satisfactory outcome for
both the customer and
the designer.

TEGOLA CANADESE

Designer projects.
Tegola Canadese continues to work closely with architects from the roof and/or facade concept stage to the construction and completion stages.
