ROBUST

RISER-DOR

PRODUCT OVERVIEW

Safety, Simplicity and Compliance Built-In.

Protect the building and its occupants with **RISER-DOR**, fully compliant with Approved Document B and fire rated to E120 for robust protection when it matters most. Independently smoke tested to BS EN 1634-3, it helps you meet stringent safety standards with confidence.

RISER-DOR is available as sleek single or double doorsets, and features concealed pivot hinges and a secure three-point lock with T-bar key for a clean aesthetic and effortless operation.

The result is a third-party tested, UK-manufactured solution that reassures clients, supports compliance, and enhances the overall quality of your project.

APPLICATIONS

Ideal for multi-storey commercial and residential buildings, including:

- Hotels
- Offices
- Hospitals
- Educational Facilities

KEY BENEFITS

Proven Performance

- Maintains shaft compartmentation for up to two hours, supporting compliance with Approved Document B and helping to limit fire and smoke spread between floors.
- Bi-directionally tested to contain fire and smoke within the shaft and to stop flames entering the shaft, helping to keep evacuation routes clearer while protecting the essential services housed inside.

Easy Access

- Provides quick and reliable access to essential services.
- Enables technicians to carry out inspections, maintenance and repairs on concealed services efficiently.
- Three-point locking system is easily operated with a T-bar key.

Discreet Design

- Manufactured to order to ensure an exact fit to suit the specific requirements of each opening.
- Concealed pivot hinges and flush frame provide architectural continuity.
- Powder coated in any specified colour to seamlessly blend with the surrounding wall.

RISER-DOR provides customers with more versatility than ever, with a stylish, fire rated and compliant bespoke solution.
