4 - 6 hours. Allow for adequate ventilation during the drying period, High

humidity can extend the drying time.

Finish Super Flat

Composition Pigment: Titanium dioxide, extenders

Binder: Styrene acrylic polymer

Solvent: Water

Spreading Rate 9m² per litre, depending upon surface texture, porosity and the method of

application.

Volume solids 45%

VOC Content EU limit value for this product (Cat A/a): 30q/l (2010).

This product contains max 30 g/litre VOC.

LOW VOC CONTENT 0.3-7.99%.

Flash Point Non-flammable

Wet Film Thickness 110 micrometres at 9m2 per litre

Dry Film Thickness 46 micrometres at 9m2 per litre

Scrub Rating Class 2

Limitiations For interior use only. Do not apply when air or substrate temperatures are

likely to fall below 8°C or when the relative humidity is above 80% during

application or the drying period.

PREPARATION

New Surfaces For best results, surfaces must be clean, dry and free from grease or dust. All

loose materials and defective paint must be removed, and the surface primed

with a thinned coat of Albany AF1 Ceiling Paint up to 20%.

Previously Painted

Surfaces

All surfaces must be clean, dry and free from grease or dust as well as any organic growth. All loose materials and defective paint must be removed, and the areas treated prior to painting. Fill any fixing holes, cracks, and shallow surface defects with a suitable filler. Prime bare and filled areas with thinned coat of Albany AF1 Ceiling Paint upto 20%. Wash remaining sound paint with warm soapy water to remove any contaminants. Glossy surfaces should be thoroughly abraded before application to ensure good adhesion. Rinse with clean water to remove all residues, allow to dry. If after cleaning any areas still contaminated with substances likely to cause staining and/or bleeding, treat

with a suitable stain blocker prior to painting.

COATING SYSTEM For best results apply 2 coats. (where priming is required apply 1 coat of

Albany AF1 Ceiling Paint thinned upto 20% with clean water, followed by 2

standard coats).

APPLICATION Stir well before use. Apply by brush, roller or spray.

CLEANING Wash equipment immediately after use in warm soapy water and rinse

thoroughly.

Technical Data Sheet

ALBANY AF1 Ceiling Paint

HEALTH AND SAFETY

Please refer to the Safety, Health and Environmental Information on the container. Take special precautions during the surface preparation of pre 1960's painted surfaces as they may contain harmful lead. For further information contact the Customer Relations Team. When preparing all surfaces avoid the inhalation of dust and/or metal particles. Wear a suitable facemask. Material Safety Data Sheets for this and all other Albany products are freely available from the place of purchase or the address below. Store in secure dry conditions between 5°C and 40°C and inaccessible to children or animals. Containers should be kept closed during storage. Do not empty into drains, watercourses or access routes to septic tanks.
