

AUTOPA

Plain Round Bollard 1000mm Above Ground 60mm - 139mm Diameter Galvanised and Black & White

AUTOPA's range of Black and White Bollards offers a simple and cost effective means of establishing control over parking and access. Black and White Bollards are ideal for use around pedestrian precincts, pavements, play and parking areas, as part of traffic calming measures, pedestrianisation schemes and as a deterrent to ram-raiders.

The complete range of Black and White Bollards is available in diameters from 60mm to 139mm and are available with extended legs for casting into concrete or with a flange plate for bolting down.

Additional colours and removable versions are also available.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
