

Domed Top Bollard

101mm and 114mm Diameter

Galvanised or Galvanised & Colour

The AUTOPA Domed Top Bollard combines mild steel tube with a high grade, impact resistant, malleable cast iron cap. The Domed Top Bollard is an elegantly simple bollard, ideal for providing protection against unauthorised parking or access. The Domed Top Bollard is ideal for use around pedestrian precincts, pavements, play and parking areas, as part of traffic calming measures, pedestrianisation schemes and as a deterrent to ram-raiders.

The Domed Top Bollard is available in galvanised and galvanised & coated finishes. It is also available Ragged for casting in to concrete, flanged for bolting down or in Removable versions. Fixing down bolts for the flanged version, and padlock to secure the removable version are available at an extra cost.

Part Number	Description	Weight (kg)
138 121 340	101mm, Galvanised - Concrete In	10kg
