Fleximarker 1000mm Plastic

The Fleximarker Verge Marker is highly durable and suited to a wide range of roadside locations. Manufactured from UV resistant plastic, this verge marker complies with BS EN 1276-7. The Fleximarker flexes up to 90 degrees, returning to its upright position, and will not splinter in the event of an impact.

Twin reflective plates maximise its visibility, even in poor weather conditions or at night. The Fleximarker is supplied coated in black and white, with a below surface spike for soft ground fixing, or a socket for hard ground fixing.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 107 205	Fleximarker	1kg

Product details

- Available concrete in only
- 104mm width
