

Allegrini 1000mm Plastic

Manufactured from hollow UV resistant plastic, the Allegrini Verge Marker is a highly durable traffic bollard.

Designed with safety in mind, this verge marker will not splinter in the event of an impact and complies with BS EN 1276-7.

Twin reflective plates maximise its visibility, even in poor weather conditions or at night. These verge markers are supplied coated in black and white, and with a below surface base extension for ground fixing.

Available concrete in only.

Part Number
138 107 200

Description
Allegrini

Weight (kg)
2kg

Product details

- Available concrete in only
- Concrete in 300mm (below ground)
