NEPTUNE

CONTEMPORARY AND TRADITIONAL STREET FURNITURE

Marden Bench

Our Marden range of products is produced using heavy duty recycled plastic lumber sourced from another British manufacturer the Plaswood Group, Europe's leading producer of recycled polythene products. The lumber is processed and assembled in our factory.

As standard our Marden range is available in Brown (similar to RAL 8025), black or a combination of both.

Dimensions Available in 1500, 1800, 2100 and 2800mm widths. (sizes are approximate)

Lumber All lumber is heavy duty recycled plastic in brown or black.

Fixing Above and below ground fixing

Delivery Each bench is supplied fully assembled
