

Kube Bench

1800mm wide

- Kube Benches
- Three different Sizes
- Seat height: 450 mm
- Steel and wood construction
- Choice of Oak or mahogany finish
- Choice of powder coated colours

About the Product

The Kube range of benches are constructed in 8mm steel with seat made of PEFC certified oak in a light oak or mahogany stain finish. There are 3 widths 450, 1200 and 1800mm, seat height 450mm high. Our wood planks are air-dried, then undergo a water-based impregnation stain treatment to protect and strengthen the wood. We then apply a coat of wood finish stain or a coat of gloss paint, both of which are weather and UV-resistant. We recommend regular upkeep to maintain this protection.

We work primarily with three varieties of wood, PEFC-certified oak, a noble wood variety that is sourced from forests in France and 100% recyclable.

Powder coated colours dark grey, White RAL 9010, Blue RAL 5010, Red RAL 3020, Black RAL 9005, Grey RAL 7044, Burgundy RAL 3004, Green RAL 6005, Brown RAL 8017 and Corten effect.

The Kube collection also includes planters and litter bins. The collection will blend in perfectly with any outdoor space.

Important

If installed within 5 miles of the coast, we strongly recommend an additional weather treatment for the steel work (galvanising). Contact us for more details. Supplied with four holes in the bottom for use with anchoring rods or expansion bolts if required.

Delivery

5 working weeks from order. Some assembly is required.

Code	Size	Price
306397	450mm wide	£429 + VAT
306390	1200mm wide	£585 + VAT
306392	1800mm wide	£699 + VAT
