

# Our Services

## A Quick Guide

With more than two decades' experience, AGS One provides an award-winning range of specialist cleaning, maintenance and renovation services. We're experts in pest and vegetation control and even offer recruitment and temporary staffing. Collaborating closely with our clients across local authorities, private sector businesses, public transportation, the construction industry and aviation providers, we always strive to provide the most efficient and cost-effective solutions.

Our services include...

- Graffiti Removal & Protection
- Brick & Stone Cleaning
- Commercial Painting & Coatings
- Specialist Coatings
- Depot & Fleet Presentation
- Specialist Rail Services
- Pest Control
- Vegetation Control
- Temporary Staff
- General Services

Taking an ethical and environmentally responsible approach with a clear emphasis on Health & Safety, AGS One invests in cutting edge technology and highly trained teams, delivering innovation, expertise and excellence.

**AGS One: Go one better.**

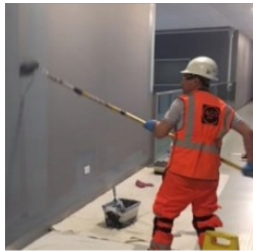

## Graffiti Removal & Protection

*Our rapid-response team provides cost-effective graffiti removal. Regular patrols can help prevent graffiti vandalism.*

With a wealth of experience, **AGS One** is the graffiti removal and prevention expert. Even where specialist access and cleaning techniques are required, no job is too big or too small for our dedicated team. We can also provide regular patrols to help prevent the incidence of graffiti. We always strive to use environmentally friendly products.

Our dedicated team of graffiti removal and protection experts can be reached on **020 7336 8331**

## Commercial Painting & Coatings

*We're experts in painting, protecting and rejuvenating the widest range of surfaces.*

From large scale road and rail bridge painting and station refurbishment to industrial floor coatings and even airport structures including jetties, **AGS One** provides the full range of industrial and commercial protective painting options. We can offer stripping, preparation and painting solutions designed to rejuvenate and protect all surfaces.

Our teams of specially trained **ICORR** inspectors and **ICATS** technicians work with premium products and finishes for long lasting, guaranteed results.

## Brick & Stone Cleaning

*Cutting edge, tailor-made solutions for all masonry cleaning requirements.*

Brick, stone, render, specialist cladding and finishes... There's no 'one size fits all' solution when it comes to cleaning and renovating masonry. **AGS One**'s skilled operatives work closely with architects and conservation officials and deploy the latest gentle but effective cleaning techniques including the English Heritage approved **TORIK** and **DOFF** systems.

Our **IPAF** and **PASMA** certified teams can safely access the most challenging of sites to deliver exceptional results every time.

## Specialist Coatings

*AGS One provides innovative coatings to protect from pollution, slip risks, vandalism and water damage.*

Alongside **AGS One**'s proficiency in paint application, we also provide unrivalled expertise in the latest specialist coatings. Designed to enhance, protect, improve durability and functionality or mitigate against risks and damage, the very latest products are used by our skilled, highly trained technicians.

We've worked with a wide range of clients to provide specialist coating solutions including major airports and rail networks' facilities.

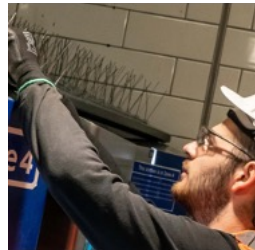

## Depot & Fleet Presentation

*Your premises and your services presented to the very high standards that your brand and your customers demand.*

With our expertise in exterior and interior cleaning of rolling stock, depot cleaning and maintenance plus graffiti removal, **AGS One** can help you present your premises and fleet to the highest standards.

We have extensive experience of working in busy transport environments and can provide support with basic maintenance through to critical incident response.

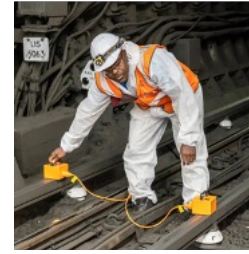

## Pest Control

*The full range of humane, effective, sustainable solutions from our specialist division.*

**AGS One Pest Control** provides a genuine 24 hours a day, 365 days a year prevention and removal service. Offering swift, discreet, humane solutions for both commercial and residential clients, the team has experience working in some of the UK's most demanding environments including the London Underground with its 270 stations and 402 km of track.

We hold membership of the **British Pest Control Association (BPCA)**, and Sentinel cards, enabling us to work in all rail environments.

## Specialist Rail Services

*Award winning services recognised by one of the country's biggest public transport providers.*

In 2019, **AGS One** was awarded Supplier of the Year by Transport for London. Our experience of working with public transport providers, understanding their specific needs and delivering the widest range of specialist services makes **AGS One** the ideal partner for rail networks and transport companies.

Of course, safety is always paramount and **AGS One** has its own safety critical licence.

## Vegetation Control

*AGS One's vegetation specialists can develop and deliver a dedicated, seasonal plan.*

Our skilled vegetation teams work across the UK to provide inspections, surveys and specialist services, focusing on immediate management and removal needs as well as planning seasonal, long term solutions. We combine an in-depth knowledge of plant management and wildlife habitats with a safe, responsible approach to clearing and disposal.

Our vegetation control techniques always adhere to our strict **HSQE** procedures and policies and our environmental values.

## Temporary Staff

*We can even provide you with high quality recruitment services for specialist and temporary staffing solutions.*

AGS One's experience and expertise mean we're adept at identifying and recruiting specialist and temporary labour for the transport and construction industries as well as local authorities and blue chip private sector clients. Our dedicated recruitment division has an in-depth understanding of your specific needs and takes a stringent but agile approach to selection and provision of the very best candidates.

We can provide you with staff who are trained, qualified, competent and checked to carry out all works required.

## General Services

*With over two decades' experience, there isn't much we can't turn our hands to.*

Over the years, clients who have initially enlisted one of our specific services have looked to us for help with other cleaning and maintenance requirements. We have a wealth of experience, a wide range of equipment and an in-house **HSQE** team, not to mention a flexible, 'can-do' approach so it's highly likely we'll be able to help keep your facilities clean, safe and well-maintained.

Dust removal, deep cleaning, lighting and line painting; signage, statues and rubber crumb play areas... From the day to day to the highly specialised, you can discuss your requirements with the **AGS One** team.

AGS One is a trading name of Anti Graffiti Systems Ltd which is a limited company, registered in England and Wales. Registered number: 4375020
