

## Pool Surrounds

Generated on 02.10.2017

### Detailed description

Cast stone pool surrounds, used both internally and externally.

Acts as an edging to areas such as pools and ponds. Has an end result almost indistinguishable from natural stone.

### Product guidance - As Standard

#### Thickness:

75 mm.

### Options

#### Type:

A wide range of non-standard pool surround types is available, including rounded and flat designs. Consult manufacturer and insert requirements.
