

Special Features

- ▲ HTM64 AND 01-05 COMPLIANT
- ▲ HYGIENIC ROUNDED CORNER DESIGN
- ▲ NO OVERFLOW
- ▲ CHOICE OF WASTE OUTLET POSITION

Description

The wash basin is designed for inseting into work and countertops and is supplied as standard without overflow to comply with the guidelines set out in HTM64 and 01-05 (decontamination in primary care).

Construction

The inset wash basin is manufactured in one piece without joints or crevices from grade 304 stainless steel, with all exposed surfaces (when installed) electro polished to a satin finish. The wash basin is available with a choice of waste outlet position, in the top left corner or the top right corner when installed in the normal position. The basin is supplied with an unslotted flush grated waste fitting without overflow..

Options

- ▲ Water controllers, taps and valves
