

An innovative press system which provides a secure fitting for solar applications.

#### Features and benefits:

- Available in copper and red brass fittings.
- Flame-free installation for ensuring on site safety.
- >B< Profile 3-point press ensures a leak-free, secure and permanent joint.
- Quick and simple to install, saving time and money.
- Available in 15 mm to 28 mm.
- Compatible with various press tools and jaws.\*
- Suitable for use with hard, half-hard and soft copper tubes to EN 1057.
- Manufactured and designed to EN 8537 copper tube press fittings.
- Designed for solar pressure up to 10 bar.
- Designed for temperature ranges of -15 °C to 140 °C with short term excursions to 230 °C (glycol:water 50:50).

\*Please see compatibility list on website for more details
