PROFESSIONAL PVCu RENDER AND PLASTER BEADS

PROFESSIONAL PVCu RENDER AND PLASTER BEADS

Standard ProBead Colours:
100% reground PVCu

At ProBead, we specialise in the supply and manufacture of high-quality PVC beads for external render systems.

As the market leader, we offer an unmatched selection of 18 vibrant colours and 34 unique profiles, ensuring the perfect fit for any project.

Choose ProBead for our unrivaled range, which is more comprehensive than any other manufacturer. Our products come with a 25-year guarantee, reflecting their durability and quality. Certified by the BBA, you can trust in the excellence of our offerings. Additionally, our commitment to the environment is evident, as our beads are made from recycled materials and are fully recyclable.

We cater to merchants and distributors, offering the best pricing available. For tradespeople, we provide the convenience of direct orders with next-day delivery on standard colours.

Enquire today on 01647 24620 or info@sas-europe.com to find out more!

Ashlar Detail

The Ashlar Detail bead creates a 25mm wide detail which can be mechanically fixed or bedded on.

ITEM CODE	COLOUR	RENDER DEPTH	LENGTH	BOX
3AD25	ALL	10mm	3m	51m

■ ProBead Plus Meshed Wing Beads

The Noseless Meshed Angle Bead with 100mm and 150mm asymmetric mesh returns is ideal for use in thin coat render systems over external wall insulation, or rain-screen cladding systems such as ProRend EIFS and ProWall.

ITEM CODE	COLOUR	DEPTH	LENGTH	BOX
NMAB	WHITE	5-6mm	2.5m	100m

The Window Protection Bead with 150mm mesh return is ideal for use in thin-coat render systems over external wall insulation, or rain-screen cladding systems such as ProRend EIFS and ProWall.

ITEM CODE	COLOUR	DEPTH	LENGTH	BOX
PWWBP	WHITE	5-6mm	2.6m	78m

■ ProBead for ProWall Rendered Rainscreen

Specialised bead for our ProWall rendered rainscreen system. ProWall provides a robust, stable rendered finish on timber frame, and is compliant for use on steel frame developments over 18 metres.

ProWall ventilation bead provides protection from insects and rodents at the base of the system whilst allowing the cavity to breathe.

ProWall base bead provides protection to the base of the render board and has a built-in drip detail.

The ProWall window head bead ensures good drainage from the face of the render and provides a neat edge.

To place an order or confirm best available pricing, call 01647 24620 or email info@sas-europe.com
