Render IT

Colour
Platinum

PROJECT OVERVIEW

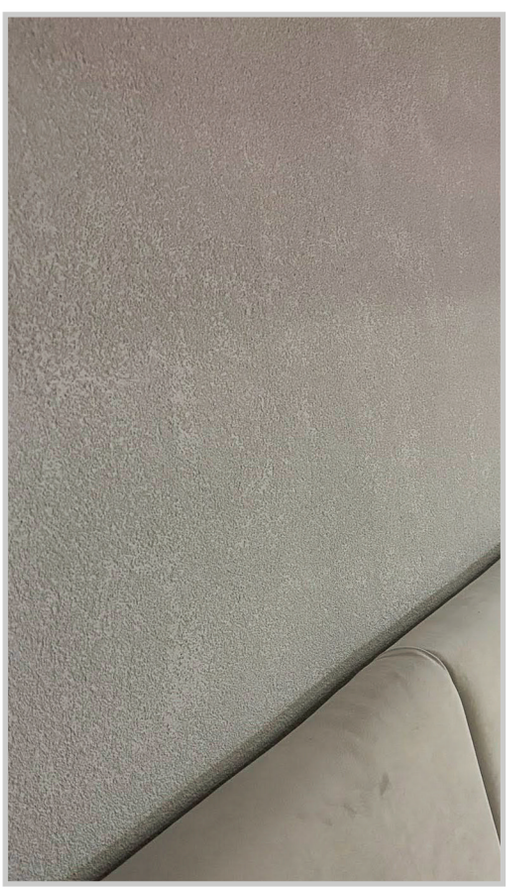

As part of the refurbishment of Bakers and Baristas, Mercury Mall, contemporary textured feature walls were introduced to create a clean, modern interior capable of withstanding the demands of a busy commercial environment.

Working alongside Render IT, SAS Europe supplied ProRend Colourtex Fine Acrylic 1mm in Platinum, delivering a refined decorative finish that combines contemporary aesthetics with exceptional durability and low maintenance. The fine acrylic texture provided the ideal solution for creating premium internal feature walls within this high-traffic retail destination.

THE CHALLENGE

The project required a decorative wall finish that would provide a modern architectural appearance while offering long-term durability within a busy commercial environment.

- Project requirements
- Contemporary textured feature walls
- Durable commercial finish
- Low maintenance surface
- Consistent colour and texture
- High-quality decorative appearance

THE SOLUTION

Render IT applied ProRend Colourtex Fine Acrylic 1mm in Platinum to create striking internal feature walls throughout the refurbishment. Engineered to provide a finer, smoother texture than traditional thin-coat renders, Colourtex Fine Acrylic delivers a sleek architectural finish with excellent durability, colour consistency and long-term performance.

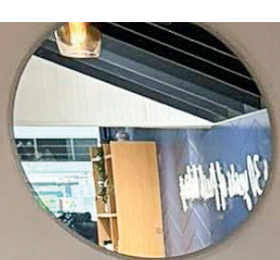

The completed installation enhances the interior environment with a premium decorative finish designed to withstand the demands of a busy retail setting while maintaining its appearance for years to come.

KEY BENEFITS

- Durable textured feature walls
- Fine acrylic texture
- Premium decorative appearance
- Low maintenance
- Colour-consistent finish
- Hard-wearing performance
- Ideal for contemporary ommercial interiors

TECHNICAL SUMMARY

Property	Specification
Application	Internal Feature Walls
Decorative Finish	ProRend Colourtex Fine Acrylic 1mm
Key Performance	Durable, Fine Textured, Colour Stable, Low Maintenance, Decorative Finish
Suitable For	Internal & External Use

The completed installation provides Mercury Mall with contemporary feature walls that combine modern aesthetics with exceptional durability. Finished in ProRend Colourtex Fine Acrylic 1mm in Platinum, the project demonstrates how premium textured finishes can enhance commercial interiors while providing a hard-wearing, low-maintenance surface suitable for high-traffic public environments.
