FUNCTION

THE PERFECT BALANCE. DESIGN MEETS FUNCTION

We use our passion for design and technology to inspire and excite people all over the world. By applying our vast Know-How and almost 150 years of experience, we ensure our products are not just beautiful to look at, but truly make life easier and more comfortable.

Responsibly made from fine and durable materials, Geberit products are a perfect balance of elegant design and outstanding function. They are easy to clean, easy to use and increase comfort.

Design Meets Function is the name given to this fusion of outstanding functionality with aesthetic design for the entire bathroom.

WHEN DESIGN AND FUNCTION BECOME ONE

Geberit ONE offers a wide range of options for designing bathrooms that impress both aesthetically and functionally. Washbasins, bathroom furniture and mirror cabinets in various designs are perfectly coordinated with one another and can be combined to suit your individual requirements.

DESIGN

CLEANLINESS

USABILITY

COMFORT

ACCESSIBILITY

WASHBASINS

The Geberit ONE bathroom series offers a variety of sophisticated details that prove their worth in everyday life. All ceramics are equipped with the durable and virtually nonporous special KeraTect® glaze, which is particularly easy to keep clean.

Hidden overflow

KeraTect® glaze

INNOVATIVE WASTE

The innovative waste has been tailored to the design of the washbasins and is cleverly positioned at the back edge of the bowl. Creating more space in the drawers of the washbasin cabinet, the waste is not directly in the water jet's line of fire which prevents water splashes, leading to a significant reduction in water and limescale residues and the amount of cleaning required.

A magnetic attachment holds the cover exactly in position which can be removed with a flick of the wrist in order to clean the attached comb insert. The hidden overflow also allows the washbasin to be filled without risk of the water overflowing.

CLASSIC WASTE

The Geberit ONE washbasins with a classic waste are available in three versions: as standard washbasins and vanity basins in various widths, and as lay-on washbasins in angular or bowl-shaped designs. The waste has a ceramic cover with an integrated comb insert. Thanks to space-saving technology, additional room is created in the upper drawer of the washbasin cabinet.

FURNITURE

QUALITY IN MANY FACETS CONTEMPORARY AND HIGHLY FUNCTIONAL DESIGN

The expanded Geberit ONE bathroom furniture range offers a variety of design possibilities. The clever push-to-open drawer mechanism and soft closing ensures quiet running and gentle opening and closing. The lay-on washbasins can be positioned centrally on the washtops, as well as asymmetrical. All materials and surfaces are moisture resistant.

SET IN STONE

Stoneware tops with a marble finish gives the bathroom an exclusive appearance. Also available in White marble-look, White glass and Lava.

WASHTOP COLOURS

SHORT PROJECTION

**PERFECTION TO THE LAST DETAIL MATCHING
FURNITURE FOR THE SLIM WASHBASIN**

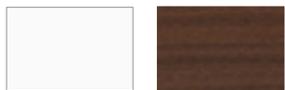

Geberit ONE shows just how functional and elegant space saving products can be. Washbasins and bathroom furniture with a projection of just 40cm have been designed so that the waste technology can be installed behind the wall. This creates space in front of the wall and more space within the drawer.

If you choose the slim rim washbasin you can also choose to complement your washbasin with a two drawer furniture unit.

The Geberit ONE washbasin ceramic appliance is available in two models – free-floating or with a cabinet and in four sizes.

FURNITURE COLOURS

White, high-gloss coated Walnut real wood veneer

The Geberit ONE wall-mounted taps offer added freedom of movement compared to deck-mounted taps, and as they are not in the way of the washbasin surface, they are particularly easy to clean. You can choose between two versions with rounded or geometric design. The water jet on the shorter tap has been optimised for washbasins with lower depths, and the longer tap for larger washbasins.

MIRRORS

The Geberit ONE mirror cabinet is impressive thanks to its aesthetic and practical advantages and its barely visible projection, it disappears almost completely behind the wall and offers more freedom of movement at the washbasin, giving your bathroom a spacious feel.

EVERYTHING AT YOUR FINGERTIPS IN THE MIRROR CABINET

Geberit ONE mirror cabinets are available in a wide range of models for designing the bathroom completely according to your needs and personal tastes. The storage space is behind the wall, keeping it clear and tidy, and allowing you to move freely around the washbasin.

The mirror cabinets are available in two versions, either with mirrored doors or with short doors which have an open, lit niche at the bottom, meaning regularly used items remain within easy reach even when the mirror doors are closed.

Soft orientation light for night-time visits to the bathroom

Continuously dimmable brightness

Non-dazzling light

RAYS OF LIGHT

Geberit ONE mirror cabinets with ComfortLight will give you the perfect lighting at any time of the day;

Standard light
Bright and refreshing

Work light
Fresh and clear

Candlelight
Soft and flattering

Orientation light
Discreet and calming

The simple operation via touch, switch or app makes it easy to find the ideal lighting to suit you.

TOILET

The wall-hung Geberit ONE toilet features an asymmetrical, completely rimless inner and height adjustment fixings within the ceramic.

The TurboFlush technology is also much more effective than a normal flush, not to mention much quieter and more efficient, and the toilet seat and lid can be easily removed with a flick of the wrist for cleaning.

GEBERIT ONE

CHOOSE A WASHBASIN AND FURNITURE TO SUIT YOUR NEEDS

Never has there been so much choice in washbasins, you can now choose your preferred style of washbasin, matching furniture and even the style of waste. All washbasins are available with and without a tap hole.

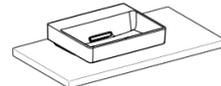

STEP 1 - CHOOSE YOUR WASHBASIN DESIGN

CLASSIC
Available in the following width sizes: 50cm, 60cm, 75cm, 90cm, 105cm, 120cm

SLIM RIM
Available in the following width sizes: 60cm, 75cm, 90cm, 105cm, 120cm

LAY-ON RECTANGULAR
Available in 50cm width x 40cm depth

LAY-ON BOWL
Available in 50cm width x 42cm depth

STEP 2 - CHOOSE YOUR PREFERRED STYLE OF WASTE

INNOVATIVE WASTE

CLASSIC WASTE

STEP 3 - NOW CHOOSE YOUR FURNITURE DESIGN

If you chose a classic or slim rim washbasin you can chose the two drawer complementary unit.

→ WASHBASIN CABINET with two drawers.

→ WASHBASIN CABINET with vanity basin in slim rim design.

If you chose a lay-on basin you must also choose a washtop which your washbasin will sit upon beautifully. You can also decide if your washbasin is positioned on the left or right or in the centre. You can also use two washbasins to create a double washbasin space.

↑ WASHBASIN CABINET with washtop for lay-on washbasins.

↑ WASHBASIN CABINET WITH ONE DRAWER
Combination of washbasin cabinet with one drawer, matching side cabinet, washtop and lay-on basin

↑ CABINET WITH SIDE ELEMENT
The combination of washbasin cabinet with drawer and side element combines a light appearance with ample storage space. Glass or stone covers are optionally available.

You can also add an additional washbasin cabinet to your washtop with two drawers or chose a washtop with a practical towel rail.

↑ WASHTOP WITH WASHBASIN CABINET for asymmetrical positioning of washbasin and cabinet.

↑ WASHTOP for lay-on washbasins with a practical towel rail.

STEP 4 - THERE IS SO MUCH COLOUR TO CHOSE FROM, SO YOU CAN REALLY CREATE A LOOK TO SUIT YOUR BATHROOM

FURNITURE COLOURS

BODY/FRONT
