

Drain Dye

- Used to locate the direction of water flow in pipes, drains etc
- Water Soluble
- Non-toxic
- User friendly
- Handy tubs for repeated use
- Completely safe to use in drainage pipelines
- 6 colours available
- Extremely concentrated

Fernco Drain Dye is a non-toxic and odourless drain tracer product for finding leaks, drain damage, contamination and water pathways. It is easy to use, non-harmful and highly concentrated.

The Drain Dye adds a strong colour to water – use just a teaspoon of Drain Dye with 10 litres of water to trace the underground flow of a drainage system. Whether a sewerage pipe or grey water system, the Drain Dye is a quick and simple system, giving the information you need to proceed with a project.

Available in six different colours, the Drain Dye allows the flow of different drainage systems in the same network to be identified with drain dyes of different colours. Use a red Drain Dye in one entrance and a blue Drain Dye in a second for example, and identify which entrance is flowing to which downstream outlet.

Six Colours Available

Packed in 200g tubs, perfect for intermittent usage

Product Code	DTD200_COLOUR
Description	Fernco Drain Dye
Colours	Red, Green Fluorescein, Orange, Blue, Purple, Yellow
Toxicity	Non-toxic
Packed Measure	200g
Mixing Ratio	1 teaspoon per 10 litres of water

Product Code	Colour	Packed Contents	Mixing Ratio
DTD200_RED	Red	200g	1 teaspoon per 10 litres of water
DTD200_GREEN	Green	200g	1 teaspoon per 10 litres of water
DTD200_ORANGE	Orange	200g	1 teaspoon per 10 litres of water
DTD200_BLUE	Blue	200g	1 teaspoon per 10 litres of water
DTD200_PURPLE	Purple	200g	1 teaspoon per 10 litres of water
DTD200_YELLOW	Yellow	200g	1 teaspoon per 10 litres of water

Usage

3 easy steps

1. Mix drain dye with water. 1 teaspoon of drain dye to approx 10 litres of clean water.
2. Pour the mix into the waste system which needs tracing.
3. Be ready at the open manhole to identify the inlet.

General Information

Quality, Standards and Approvals

Fernco has been certified by the British Standards Institution (BSI) as a company of assessed capability, with a quality management system which meets the requirements of BS EN ISO 9001:2015

Fernco UK, part of a global group of companies, are the leaders in wastewater connection innovation; utilising the most advanced methods and techniques for precision-manufactured products, all of which comply with or exceed relevant British and European standards to ensure reliability and sustainability.

Environment

Fernco operate Environmental Management Systems which are certified to ISO 14001: 2015.
