Case Study

Iconic Barbican Estate Kitchen

Stainless steel worktop with integral sink and splashback

Stainless steel worktop with integrated end panel

Stainless steel worktop

Building:	Lauderdale Tower, Barbican
Sector:	Residential
Room Type:	Kitchen
Specifier:	A New Day - Interior Design
Contractor:	HØLTE

GEC Anderson were commissioned to install the original stainless steel worktops in the Barbican estate 50 years ago.

A New Day Design Studio in conjunction with HØLTE, updated this Barbican kitchen using GEC Anderson worktops and splashbacks creating a stylish yet authentic look to the Grade II listed architecture.

GEC Anderson were instructed to measure, supply and install made to measure brushed satin stainless steel worktops for the complete kitchen refurbishment.

Included in the design were a total of four worktops. One worktop featured an integrated end panel. The main sinktop included individual hob plate cut outs: integral sink with drainer and splashback. A further two worktops were also included.
