AGS Graffi Wipes

Handy and effective wipe

Description and use

AGS Graffi Wipes are a special cloth wipe impregnated with an advanced graffiti remover. The wipe will remove graffiti made by marker, felt and ball point pen from most painted, plastic and hard surfaces.

Graffi Wipe is safe for use on polycarbonate, as it will not etch nor leave the surface 'milky' in appearance.

TECHNICAL DATA

Appearance: Woven impregnated cloth

pH Value: n/a

Boiling Point: > 150°C

Advantages

- Safe and convenient especially in public areas
- Easy to use
- Safe for use on polycarbonate

Limitations

- Time consuming to remove cured spray paint (use Graffi Green)

Pretesting

Test product in an inconspicuous area if compatibility with the surface is doubtful.

Application Instructions

1. Remove wipe from canister and reseal lid.
2. Wipe area of graffiti with Graffi Wipe.
3. Turn wipe regularly.
4. Neutralise surface with water.

Coverage

Varies according to graffiti type and substrate.

Packing
