

Rainline**Vandal**

Reinforced roof drainage system
Downpipes and outlets for public areas

Lindab Vandal-Proof Rainline

Lindab introduces a series of reinforced downpipes and outlets for public areas. The reinforced downpipes are available in six different designs to meet most needs. They are made of 2 mm hot-dip galvanised steel or 1.5 mm stainless steel plate. Choose from coated, stainless or galvanised finishes. Brackets and leaf filters are always made of stainless steel. The reinforced pipes connect to the downpipes with a drain shoe (BUTK).

Design

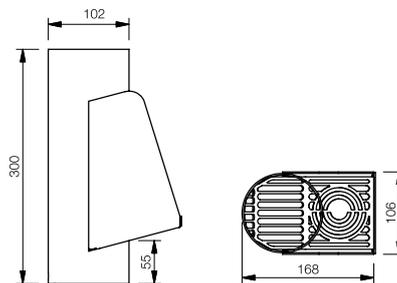

The downpipes are available in the following colours and finishes.

| | | | | |
|------------------------|--------------------------|------------------------------|--------------------|-----------------------|
| Antique white RAL 9002 | Silver metallic RAL 9006 | Anthracite metallic RAL 9007 | Dark grey RAL 7011 | Pine green RAL 6020 |
| Tile red RAL 8004 | Dark red RAL 3009 | Copper metallic RAL 8003 | Brown RAL 8017 | Coffee brown RAL 8019 |
| Black RAL 9005 | Galvanised steel | Stainless steel | | |
| | | | | Steel Stainless |

| | | | Electropolished | • |

Vandal 300 SLS

300 mm reinforced downpipe with self-cleaning leaf filter.

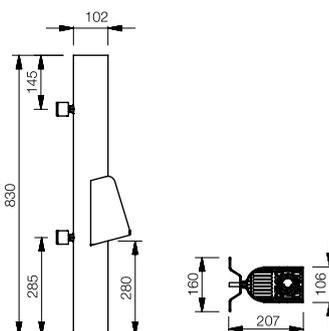

| | Steel | Stainless |
|-------------------|-------|-----------|
| Outer dim. (Ø mm) | 102 | 102 |
| Thickness | 2.0 | 1.5 |
| Weight (kg) | 2.1 | 1.8 |

Vandal 850 SLS

830 mm reinforced downpipe with self-cleaning leaf filter for buildings with plinth.

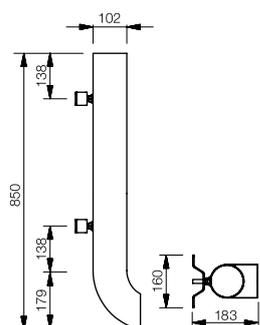

| | Steel | Stainless |
|-------------------|-------|-----------|
| Outer dim. (Ø mm) | 102 | 102 |
| Thickness | 2.0 | 1.5 |
| Weight (kg) | 5.3 | 4.1 |

Vandal 850 UTK

850 mm reinforced downpipe with shoe.

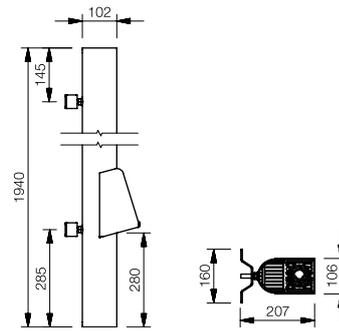

| | Steel | Stainless |
|-------------------|-------|-----------|
| Outer dim. (Ø mm) | 102 | 102 |
| Thickness | 2.0 | 1.5 |
| Weight (kg) | 5.3 | 4.0 |

Vandal 2000 SLS

2 m reinforced downpipe with self-cleaning leaf filter at the bottom.

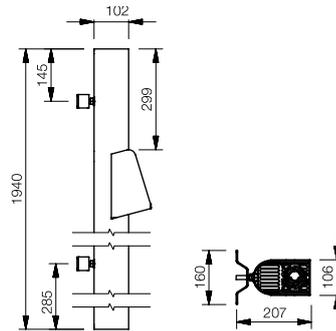

| | Steel | Stainless |
|-------------------|-------|-----------|
| Outer dim. (Ø mm) | 102 | 102 |
| Thickness | 2.0 | 1.5 |
| Weight (kg) | 10.9 | 8.5 |

Vandal 2000 SLST

2 m reinforced downpipe with self-cleaning leaf filter on top. Excellent for use in nursery and primary school environments.

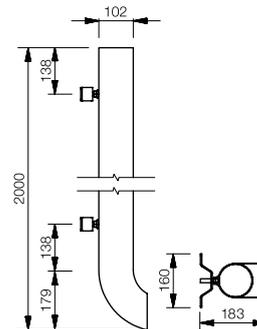

| | Steel | Stainless |
|-------------------|-------|-----------|
| Outer dim. (Ø mm) | 102 | 102 |
| Thickness | 2.0 | 1.5 |
| Weight (kg) | 10.9 | 8.5 |

Vandal 2000 UTK

2 m reinforced downpipe with shoe.

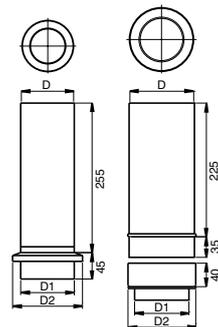

| | Steel | Stainless |
|-------------------|-------|-----------|
| Outer dim. (Ø mm) | 102 | 102 |
| Thickness | 2.0 | 1.5 |
| Weight (kg) | 11.8 | 8.0 |

Drain shoe BUTK*

Use for connection of all reinforced downpipes above.

| Dim. | D1 mm | D2 mm | Dim. | D1 mm | D2 mm |
|------|-------|-------|------|-------|-------|
| 75 | 81 | 115 | 111 | 93 | 119 |
| 87 | 93 | 115 | 120 | 93 | 119 |
| 100 | 93 | 115 | | | |

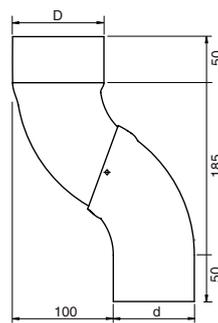

One-piece bend SOKN*

One-piece bend used when there are 100 mm or less facade shifts laterally between the reinforced downpipe and the drain shoe.

Dim. D/d

| |

| 75 |
| 87 |
| 100 |

*This is a standard Rainline product, it is not reinforced. Not available in Stainless Steel.

At Lindab we simplify construction for our customers. We do that by designing easy to use products and solutions, as well as offering efficient availability and logistics. We are also working on ways to reduce our impact on our environment and climate. We do that by developing methods to produce our solutions using a minimum of energy and natural resources, and by reducing negative effects on the environment. We use steel in our products. It's one of few materials that can be recycled an infinite number of times without losing any of its properties. That means less carbon emissions in nature and less energy wasted.

We simplify construction
