# KITCHEN

## THE SPIRIT OF THE ESSENCE.

Conversations over simmering pasta; a bottle of wine shared with a friend; school bags dropped at the door. The kitchen is the engine room that powers a thousand days, where the family gathers for manic mornings and downtime in the evenings.

Ideal Standard's Kitchen range is the epitome of elegant, contemporary design that stands out but fits in. Precision engineering and manufacturing expertise borne of more than a century at the forefront of our industry. Robust and durable, able to withstand the demands of home and restaurant alike.

# Meaningful technologies, real benefits.

Our products are packed with meaningful technologies aimed at making life easier, safer and better. Here are the key benefits our kitchen taps offer.

## IDEALCOMFORT

Our kitchen ranges come in a variety of different heights to suit every usage, making every day more comfortable.

## BLUESTART®

BlueStart® technology facilitates significant energy savings as only cold water flows when the lever is in the central position.

## LIGHTMOVE®

LightMove® technology ensures an effortless, smooth and precise adjustment of water flow and temperature.

## TEMPERATURE LIMIT STOP

Can be pre-set to protect vulnerable users when required (optional installation).

## SMARTSHINE® FINISHING

The exceptional quality of the chrome finish makes our taps more resistant to scratches and easier to clean, offering you years of enjoyment.

## ECO CLICK TECHNOLOGY

Our water saving Click technology only delivers a full flow of water when the handle is moved beyond a slight resistance, reducing water usage by 50%.

## PULL-OUT SPRAY

Increase your work area and make washing easier thanks to the pull-out spray.

## DUAL SPRAY

Switch between regular water flow and spray action with the press of a button.

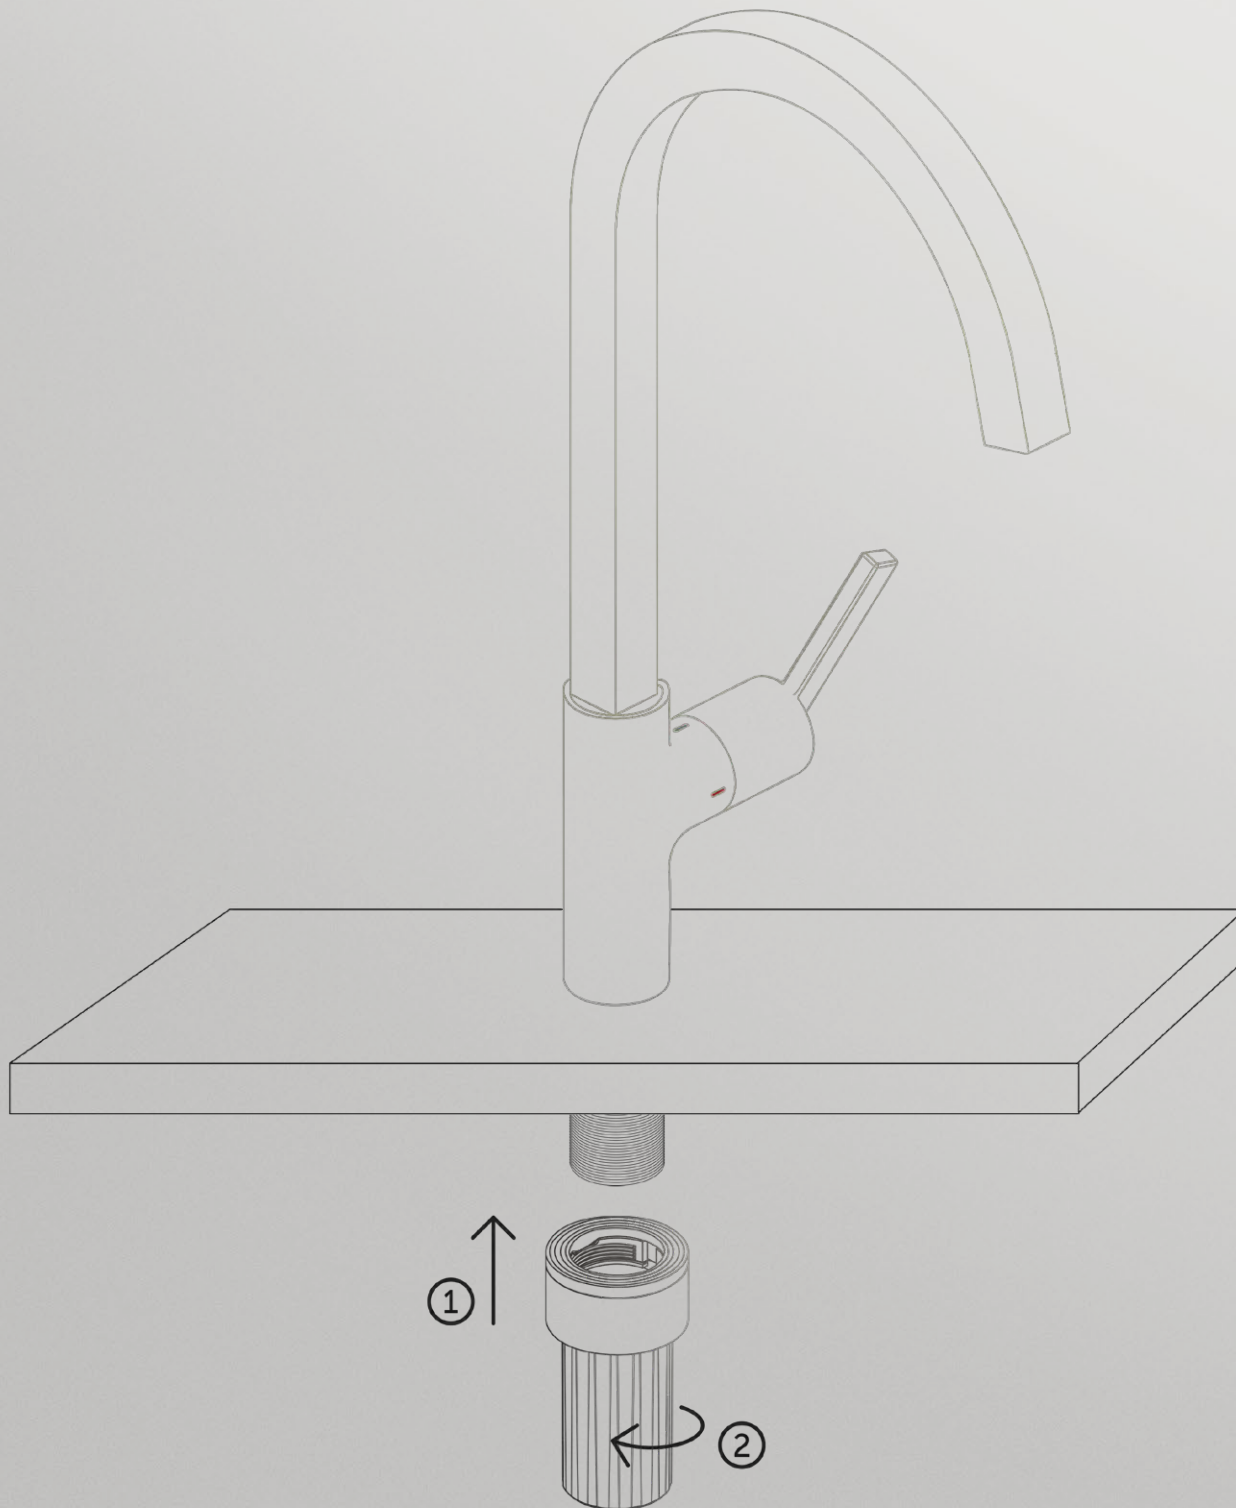

## iMX

Taps with iMX technology feature an integrated dispenser for soap or washing-up liquid, improving hygiene, cleanliness and comfort while creating a neater kitchen surface.

# EasyFix+

Engineered  
for speed.

LEADERS IN PERFORMANCE

**Fast and tool-free  
installation**

## LIFE HAPPENS IN THE KITCHEN

*Gusto* from Ideal Standard; it's all about taste. This range offers a depth of styles and finishes to suit any kitchen, with striking square and flowing round aesthetics in Sunset Rose, Magnetic Grey and more.

# GUSTO

DESIGN BY LUDOVICA+ROBERTO PALOMBA

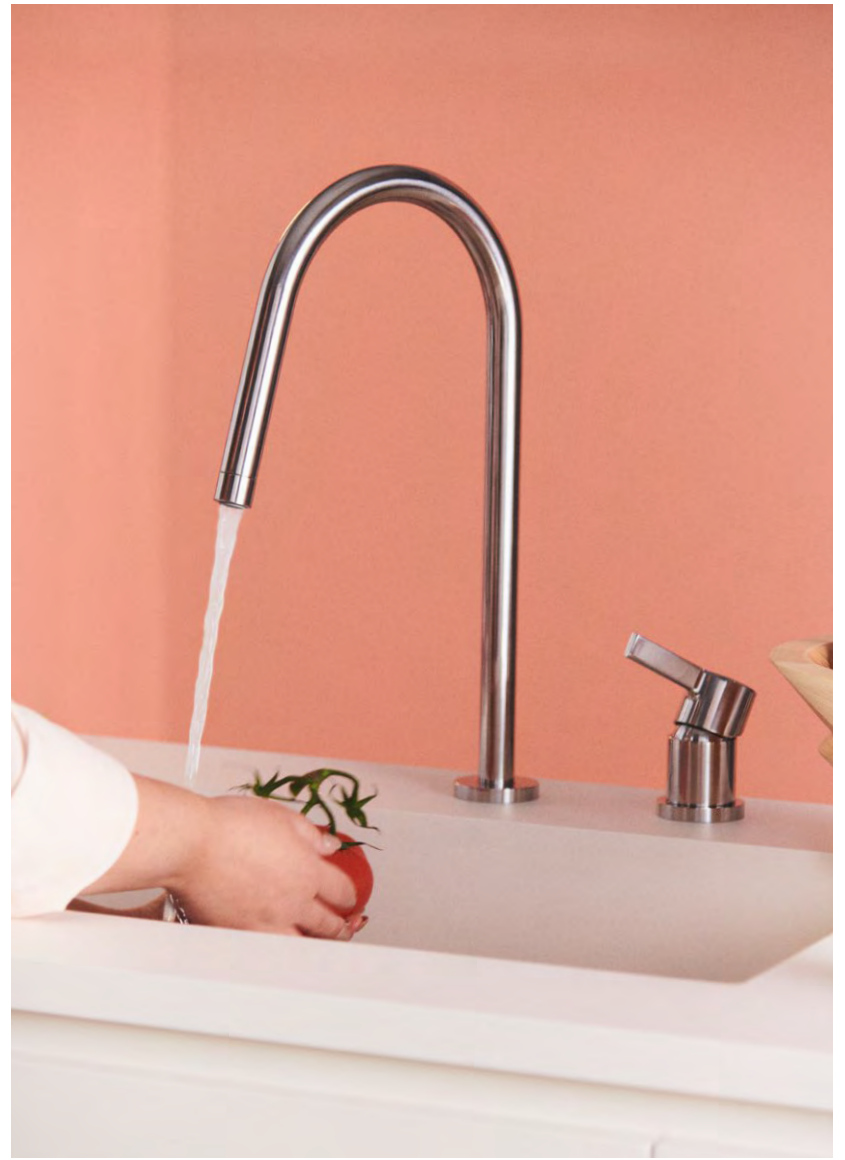

ROUND

BD422AA  
SINK MIXER 2 HOLES, WITH ROUND SPOUT

## CONTEMPORARY ELEGANCE.

Gentle, curved lines and an understated aesthetic; *Gusto Round* is the expression of modern minimalism that flows through Ideal Standard. Designed for contemporary living and built to last, this is brassware that brings together form and function in a way that quietly inspires.

Stunning to look at, simple to install and easy to use. *Gusto Round* is the perfect fit for life.

*Gusto Round* is packed with features that quietly make life better, making a difference but never making a fuss. A lever that moves easily but precisely, technology that saves energy and material that shines for longer and cleans like a dream. *Gusto Round* is available in contemporary chrome but also comes in Ideal Standard's proprietary PVD finishes Magnetic Grey, Silver Storm, Brushed Gold and Sunset Rose.

## TURN ON, PULL OUT.

The pull-out spray tap is the kitchen's new must-have. Versatile and practical, it simply makes your sink perform better and do more. Wash fruit and vegetables, rinse down used plates or fill the kettle. Our range of pull-out spray taps are simple to install and are packed with features, reducing splashing and improving hygiene in a place where cleanliness is paramount.

**BD424AA**  
**SINK MIXER 2 HOLES WITH PULL OUT SPRAY-DUAL MODE**

*Gusto Round* gives you a choice of three pull-out spray taps, with dual spray mode options, allowing users to easily switch between regular water flow and spray action. Each is available in Ideal Standard's versatile and highly durable PVD colour finishes as well as contemporary chrome, with the precision engineered FirmaFlow+® cartridge to deliver perfect function over hundreds of thousands of use cycles.

## AN ANGULAR AESTHETIC

Make a statement with *Gusto Square*. Combining bold geometry with gentle curves, this range offers a striking aesthetic to complement contemporary kitchens with a minimal mood. A choice of Ideal Standard's bespoke finishes Magnetic Grey, Silver Storm, Brushed Gold and Sunset Rose means *Gusto Square* is a strong look that makes your kitchen your own.

*Gusto Square* comes in options including an elegant one-piece tap and a contemporary two-piece deck-mounted tap. Each model features LightMove technology and a 360° swivel spout to ensure your kitchen is easy to use, just the way you want it. *Gusto Square* brassware features our industry-leading FirmaFlow+® cartridge to provide perfect function that lasts.

SILVER STORM — GN

MAGNETIC GREY — A5

SUNSET ROSE — J4

VIBRANT SHADES THAT LAST. A SUPERIOR SURFACE THAT WITHSTANDS SCRATCHES AND ABRASION. IDEAL STANDARD'S COLOURED TAPS USE PHYSICAL VAPOUR DEPOSITION (PVD) TECHNOLOGY TO APPLY FINE LAYERS OF METAL, ATOM BY ATOM.

THIS ALLOWS US TO CONTROL THE COMPOSITION, HARDNESS AND DURABILITY OF THE SURFACE COMPOUNDS THAT COAT OUR EXPERTLY ENGINEERED PRODUCTS. INDEPENDENT TESTING DEMONSTRATES THAT PVD-FINISHED TAPS FROM IDEAL STANDARD ARE SO DURABLE, THEY ARE STILL FREE FROM SCRATCHES AND ABRASION MARKS AFTER 10,000 USES.

iMX

## A CLEAN AESTHETIC

Ideal Standard is at the leading edge of brassware innovation where hygiene, cleanliness and convenience are key. Our iMX technology helps keeping kitchens neat and tidy, avoiding mess and making your everyday that bit easier. An integrated soap dispenser with easy-to-use push button allows you to have washing-up liquid always within reach, removing the need for separate bottles or containers. One simple press of the button delivers the soap, and it can be easily operated with the palm or back of your hand to improve cleanliness around food preparation areas and help stop the spread of germs.

This *Gusto* sink mixer brings together elegant, contemporary design with clever features to make your kitchen look great and stay clean.

# THE CERA KITCHEN COLLECTION

A black and white photograph featuring a ceramic vase and a piece of fabric. The vase, which has a wide, irregular opening at the top, is positioned in the upper center. It has a textured surface with vertical ridges and small dark specks. To the right and in the foreground, there is a piece of light-colored fabric with a dark, thin-lined grid pattern. The fabric is draped and folded, creating soft shadows. The background is a solid, dark color, providing a high contrast for the objects.

CERALOOK

*Ceralook* combines practicality and elegance in a range of kitchen mixers to suit all needs. Choose from high and mid spouts, pull down options and Chrome and Silk Black finishes to complement any home.

## LEAVE THE ORDINARY BEHIND

This dark hue is bold and sophisticated, creating an immediate yet lasting impact. Elevating any room in an instant, Silk Black kitchen mixers from Ideal Standard are an opportunity for effortless self-expression.

This versatile portfolio enables you to create spaces of sleek elegance or simply to achieve visual contrast with traditional products. Whichever approach you choose, Silk Black dares you to be different.
