

WE BUILD

WHY CHOOSE A QUALITY ASSURED CONTRACTOR?

“SINCE ACHIEVING QA CONTRACTOR STATUS WE’VE FOUND SIGNIFICANT BENEFIT TO OUR BUSINESS. WE’RE A PART OF AN EXCEPTIONAL TEAM - CUSTOMER CENTRIC, FLEXIBLE AND COMMITTED TO ENSURING THAT PROJECTS ARE DELIVERED SUCCESSFULLY.”

QUALITY ASSURED CONTRACTOR

SIKA LIQUID PLASTICS’ QUALITY ASSURED CONTRACTOR PROGRAMME

Sika Liquid Plastics is a British manufacturer of cold applied, flame-free roofing systems that works in partnership with Quality Assured (QA) Contractors to provide a complete and effective solution for clients.

The Sika Liquid Plastics Quality Assured Contractor Programme was founded in 2001, and continues to be an integral part of our full service package.

1. GUARANTEED WORKMANSHIP

The Sika Liquid Plastics guarantee offers a single point of responsibility which only QA Contractors can apply for. This guarantee ensures that the client is protected against the failure of watertightness caused by incorrect design, defective materials, contractor insolvency or poor workmanship. Guarantees can provide coverage for 10, 15, 20 and 25 years, and are supported by Sika’s AAA credit rating.

2. COMPREHENSIVE AUDIT PROCESS

The programme withstands stringent and demanding entry criteria, and a code of practice, to offer clients security and assurance, therefore members must undergo regular office audits to ensure the contractor follows excellent working practices and procedures.

3. EXPERT TRAINING

QA Contractors’ management teams and installers receive full training in all application techniques and products, conducted by our experienced, dedicated Sika Roofing Applications team. All training takes place in our purpose-built Training Academy at Sika Liquid Plastics’ offices in Preston and new members must first become trained as Verified Contractors before moving on to QA Contractor status.

DEDICATED SUPPORT

“WE HAVE INSTALLED SIKA LIQUID PLASTICS’ PRODUCTS FOR OVER 20 YEARS. EASY TO INSTALL, SAFE, QUALITY GUARANTEES AND BACKED BY A TECHNICAL TEAM. WE VALUE THIS AS A MAJOR WAY OF PROMOTING THIS PARTNERSHIP TO OUR CLIENTS.”

QUALITY ASSURED CONTRACTOR

4. DEDICATED TECHNICAL SUPPORT

Our Technical Services team assists clients and QA Contractors in the selection of the most appropriate systems, offers free technical support throughout, and produces tailor-made specifications to meet the needs of individual projects. Specifications can also be supplemented with U-Value calculations, CAD Drawings, BIM objects, and thermographic imagery.

5. PROJECT SIGN-OFF AND AFTER CARE

On-site project support is provided throughout by our Applications team, consisting of highly skilled roofing experts who offer technical advice, guidance, and conduct regular comprehensive inspections. Once the project is completed, and the highest level of workmanship has been reached, the guarantee will be issued. All details will then be provided in the 'We Care' After Care Pack.

QA CONTRACTORS ACROSS THE UK

QA Contractors are based throughout the UK, ensuring quality workmanship on both a local and national scale. [CLICK HERE](#) to request a list of QA Contractors relevant to your project.

WHO WE ARE

Sika Limited and Sika Ireland Limited are part of the global Sika Group, specialising in the manufacture and supply of chemical based products. Sika have a leading position in the development and production of systems and products for bonding, sealing, damping, reinforcing, and protecting in the building sector and the motor vehicle industry. Sika has subsidiaries in 100 countries around the world and manufactures in over 190 factories. With over 17,000 employees Sika generates annual sales of CHF 5.75 billion (£4.69bn). We are also committed to providing quality, service, safety and environmental care.

In the UK and Ireland, we provide market-leading solutions for concrete, waterproofing, roofing, flooring, refurbishment, sealing & bonding, and industry, and have manufacturing sites in Welwyn Garden City, Preston, Leeds and Dublin with more than 700 employees and a turnover of more than £220 million.

The information, and, in particular, the recommendations relating to the application and end use of Sika® products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The proprietary rights of third parties must be observed. Please refer to our homepage www.sika.co.uk for our current standard terms & conditions applicable to all orders. Users should always refer to the most recent issue of the Product Data Sheet for the product concerned, copies of which will be supplied on request.
