terrabase®

Resin Bound Porous Surfacing

What is Terrabase Rustic?

Terrabase Rustic is an innovative patented 'no-dig' paving system that provides a decorative and natural rustic looking permeable surface, suitable for pedestrian footpaths and areas subject to occasional trafficking by light vehicles.

Terrabase Rustic can be applied directly onto most suitable surfaces and gradients. It can even be installed directly onto the ground as a no-dig resin bound solution for sensitive sites.

An ideal replacement or overlay system for self-binding surfaces such as 'Hoggin' as it is fully bound and won't wash away.

Applications:

- Paths
- Patios
- Courtyards
- Driveways
- Golf Courses

Benefits:

- No Dig option
- Porous SuDS Compliant
- 15 Year Guarantee
- 8 Unique Colours
- Seamless
- Low Maintenance
- Anti-Slip

Anthracite

Beach

Cove

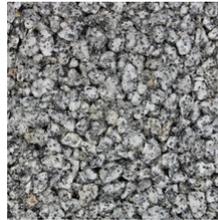

Harvest

Iceberg

Oak

Silver

Tweed

Please note:

Colour and size variation must be expected when working with natural aggregates

If you require a more contemporary looking finish using a smaller stone size, take a look at our **Terrabase Classic** Resin Bound porous surfacing system using a 6mm Addaset, Addabound or Terrabound aggregate blend.

terrabase[®]

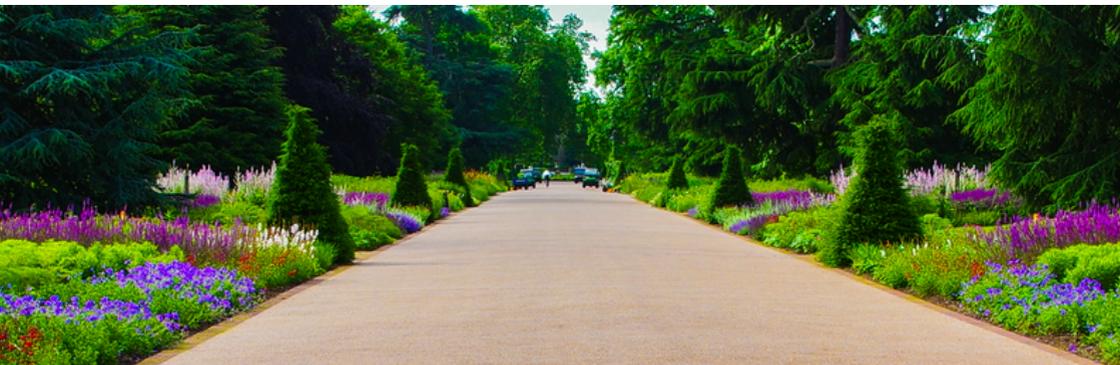

Resin Bound Porous Surfacing

Our revolutionary 'no-dig' paving system, offering a beautiful, natural, rustic-looking, permeable surface. Perfect for pedestrian paths and light vehicle areas, Terrabase Rustic can be easily applied to most surfaces and gradients, even directly onto the ground, making it an ideal solution for sensitive locations.

Designed for sustainability, Terrabase Rustic is porous with a range of finishes crafted for both pedestrian and vehicle traffic. Whether you're enhancing driveways, pathways, patios, or pool surrounds, we have the perfect blend for you.

POROUS - NO DIG OPTION - HARD WEARING - DECORATIVE
