BETAFENCE

10 Years Guarantee

Optimal protection

Your house and garden are a unique place where you should be able to feel safe and free. Betafence protects your home and family, everything that matters to you.

10 years guarantee

Betafence fencing is durable. It consists of strong, durable materials and can withstand corrosion, weather, and the ravages of time. That is why Betafence offers you 10 years of guarantee. Ask your dealer for detailed terms and conditions.

Made in Europe

'Made in Europe' is synonymous with reliability. All products meet the strictest quality, safety and sustainability standards.

130 years experience

Betafence has been offering excellent quality for more than 130 years. As a world leader in product, service and application innovation, Betafence sets the quality standard for the entire industry.

Betafence leads the way…

This panel brochure will provide you with detailed information about a wide range of innovative garden fencing solutions, complete with our newest products. Select the Betafence fence that suits you and your needs best, based on various criteria.

LEGEND

Strong & Stable
Gradations from light to extra strong, depending on the size of the mesh as well as the thickness and quality of the wires or profiles.

Design/ Personalisation
From simple to high-end design and the extent to which fences can be personalised.

Privacy
The degree of transparency; from high see-through visibility to total screening. For certain products, addable privacy solutions are available.

Ease of Installation
From easy to more complex. Follow the instructions and our installation videos on www.betafence.com

Budget
Very budget-friendly to rather upscale for a long-term investment.

Colour
- ● Green: RAL 6005
- ● Anthracite: RAL 7016
- ● Metallic anthracite: BF 7016M

CreaZen®

DESIGN
NATUR
SERENITY

STYLISH
This panel, with its criss-cross design of natural lines, is inspired by the current trend of decorative new style railings. A modern take on a classical concept.

PURE DESIGN
The square tubes of this particular fence panel provide a balanced aesthetic and a clean-cut look.

DISCRETE
This new panel is discrete with almost invisible fixings, and easy to install with our Bekafix range of posts and fixings.

CHARACTERISTICS
- Tubular fencing panels
- Variable spacing between vertical tubes: max. 110 mm
- Horizontal tube dimensions: 40 x 20 x 2 mm
- Vertical tube dimensions: 20 x 20 x 1.50 mm
- Hot dip galvanized and polyester coated
- Post system: Bekafix posts and fixators
- Colours: RAL 7016
  Other RAL colours available on demand: price and minimum quantity on request.

Zenturo® Urban

CONTEMPORARY
PURE
MINIMALIST

Zenturo Urban is a residential panel fence system with a pure design, ideal for a contemporary environment.

CONTEMPORARY DESIGN
The flat panel is very attractive using clean lines to create a modern and contemporary look. The panel is available in a fashionable anthracite colour. Other colours are available on demand.

UNIQUE
Thanks to its horizontal flat wire it offers a unique, residential alternative to traditional panel fences.

EASY INSTALLATION
This Zenturo panel can be installed with the Bekafix, D-Lox, E-Lox or Nylofor post systems.

CHARACTERISTICS
- Panel with flat, horizontal and round, vertical wires
- Mesh: 200 x 65 mm
- Horizontal wire diameter: 6 x 15 mm
- Vertical wire diameter: 4.30 mm
- Galvanised and polyester coated
- Compatible with Bekafix post and Lox post system for extra easy installation
- Colour: RAL 7016
  Other RAL colours available: price and minimum quantity on request
- Panel width: 2,0 m
