

BETTER FILLERS,  
FASTER RESULTS.

# SIMPLY BETTER FILLERS

JOINT, SKIM & FILL RANGE  
FOR THE PROFESSIONAL

**TOUPRET**  
FILLERS FOR PROFESSIONALS

We have designed our **JOINT, SKIM & FILL** range because we recognise that excellent results really matter, but so does the time it takes to get the job done (time is money, after all).

Toupret's **JOINT, SKIM & FILL** range is specially formulated to joint, skim and fill with one coat, no shrinkage, no need to spot prime and easy sanding, allowing you to get a great result first time and move on to the next job quicker.

The QUICK DRY product is ready to paint over in 3 hours, perfect when painting needs to be done quickly. Our READY TO USE products can be applied straight from the tub. The range is also supported with PATCH & REPAIR products that come with excellent adhesion for snagging jobs.

**JOINTING**
