Mullen® | Level-Access Showering

Signifying superb quality, strength, and value

The innovative Mullen® shower tray creates a defined level-access showering area which enhances independence for users with visual impairment.

- + Ideal for users with visual impairment as the Mullen® creates a defined level-access showering area
- + Mullen® is suitable for installation on concrete or wooden flooring
- + Exceptionally watertight seals thanks to pioneering Intergrip® strip
- + Pre-formed fixing holes ensure quick and easy installation
- + Supreme strength, can support up to 30st / 190kg
- + Level access (with only a 27mm floor recess needed) or surface-mounted installation*
- + Slip-resistant, textured surface for added safety
- + Unrivalled strength and stability, using compressed GRP therefore no under-tray foaming is required
- + A corner waste position on many options helps to avoid joists
- + Excellent water drainage with a 25mm fall inside the tray
- + Ribbed underside eliminates slippage or float during installation
- + Built-in tiling upstands on 2 or 3 sides complete the all-round integrity of the water seals
- + 1800mm Alcove trays are supplied with cut-to-length kits
- + Alcove adaptor kits are available to convert a corner tray to alcove tray in smaller sizes
- + Range of gravity, pumped and dry wastes available

*not including waste depth

Intergrip® Clamping Strip

The key benefit of the Mullen® shower tray is its unique clamping strip (Intergrip®) which grips and seals vinyl flooring into the tray for a watertight seal.

Features & Benefits

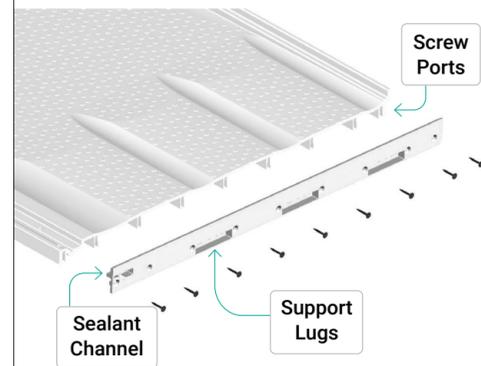

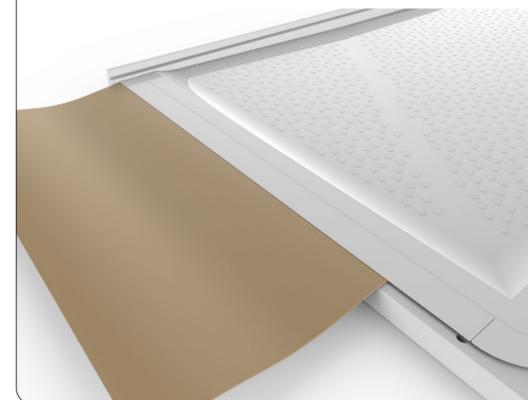

- + Flooring can be fitted or changed after the tray and screen have been installed, avoiding unnecessary site visits

Mullen® Shower Tray: Cut-to-Length Shower Tray Stop Ends

Each 1800mm Mullen® tray is supplied with a left and right-hand stop end.

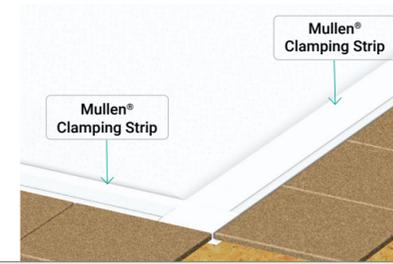

Features & Benefits

- + Alcove trays can be trimmed by up to 275mm on two sides for 1800mm trays
- + Specially designed stop ends give a strong, mechanical waterproof joint

Tiling Kit

Maintain level-access showering when using floor tiles. Fits under the Mullen® Clamping Strip and tiles. Fully waterproof mouldings and quick installation.

Alcove Adaptor Kit

Helps to convert a corner tray to an alcove tray. Fits onto the trimmed edge of the tray to give a watertight seal and tiling upstand.

Ramp Kits

Mullen® trays can be surface mounted on screeded floors with the addition of trimmable ramp options for easy access, above or below safety flooring.

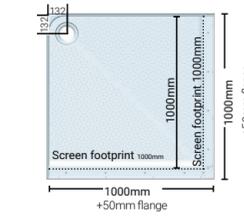

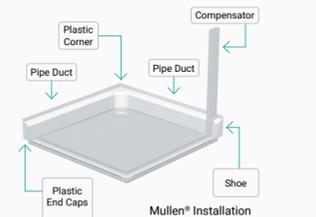

Wallboard Adaptor Kits

Allows easy fitting of 11mm or 12mm thick wall panels. Attaches directly to Mullen®'s built-in tiling flange.

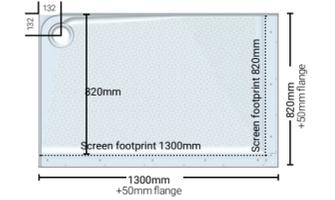

Pipe Duct Kit

Pipe duct kits fit on to the edge of the tray to avoid the re-routing of existing pipework, providing substantial savings on time and labour costs.

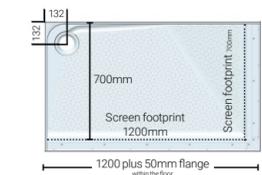

Mullen® Shower Tray – 1000 x 1000mm*

Tray only code:	26100
Tray with Gravity Waste code:	26074

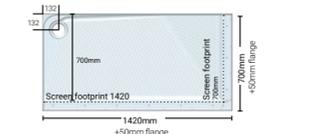

Mullen® Shower Tray – 1300 x 820mm*
