our ESG journey

## PROTECTING OUR PLANET

- + Committed to reducing plastic waste and increasing use of more sustainable materials
- + Invested in the design of water-saving products to help preserve resources and lower utility bills

## HELPING OUR COMMUNITY

- + AKW Helping Hands Volunteering scheme enables colleagues to support local good causes as part of their employment, with two paid volunteering days per year

## SUPPORTING OUR PEOPLE

- + Encourage training and development opportunities
- + Access to colleague benefits platform which helps to save money on everyday expenses

## ECOVADIS SILVER MEDAL

- + Awarded EcoVadis Silver Medal sustainability rating two years running – putting us in top 15% of companies assessed globally

## WORKING RESPONSIBLY WITH OUR SUPPLIERS

- + Collaborating with transport providers to reduce carbon emissions
- + Building relationships with suppliers who actively give back

## PROMOTING FAIRNESS THROUGH OUR POLICIES

- + Employee Assistance Program and Occupational Health supports colleague wellbeing and mental health
- + Enhanced maternity, paternity and adoption leave, flexible working opportunities, offering reasonable adjustments

# AKW: TRUST THE BATHROOM EXPERTS

For 40 years we've been Making Life Better by designing bathroom products that not only do the job better than anybody else, but look great too and most importantly, stand the test of time.

The AKW Baths Collection offers everything you need to install a complete bathroom, with a wide variety of showers, sanitaryware, brassware and wall finishes to suit every budget and project timescale.

Plus, as a one-stop shop, we can also supply plumbing fittings, extractor fans, lighting and heating solutions too, saving you time shopping around.

BATHS & PANELS

AKW single-ended, pressed steel and enamel baths can support up to 39st (inc. water) and feature a patented etched, anti-slip dot pattern in the showering area to help prevent accidents.

Two tap holes are pre-drilled, with adjustable legs, handles, plug / chain waste and overflow included.

Side / end panels are supplied in durable acrylic, lightweight PVC, or cut from AKW Marlbrook Wall Panels.

- + Bath sizes: 1500 / 1600 / 1700 x 700mm
- + Side panel sizes: 1500 / 1600 / 1700 x 510mm
- + End panel size: 700 x 510mm

SCREENS, CURTAINS & RAILS

For shower-over-bath installations, we can provide a variety of glass screens or shower curtains.

Curved top glass bath shower screens come in 300, 800 and 1000mm widths, with fixed and hinged options that benefit from 6mm durable glass which is easy to keep clean.

Alternatively, AKW Shower curtains are 1800mm wide with a 1400mm drop and made from breathable fabric, with a choice of clean white or stylish silver rails that can be cut down to the required length.

BATH TAPS

Paired bath taps offer simplicity with individual temperature control, while mixer taps blend hot and cold water to create an ideal ambient temperature from one tap.

For people wanting the flexibility of both a bath and shower, bath shower mixer taps feature an external valve for connection to a shower hose, and lever which quickly diverts water flow when required. Shower kits for use with Bath Shower Mixer Taps can be found on page 6.

Browse Mixer Showers

BASIC SHOWER KIT

Ideal for bath lovers who occasionally want a shower; connect to a bath shower mixer tap, see page 5, and divert water by pulling the lever.

- + Ideal for use with Bath Shower Mixer Taps
- + Includes: 1.5m hose, 3-mode handset, wall-mounted handset holder

STANDARD SHOWER KIT

Designed for people wanting the flexibility of a bath and shower; install with mixer valves or bath shower mixer taps, see page 5.

- + Use with Mixer Valves and Bath Shower Mixer Taps
- + Includes: 1m riser rail with adjustable handset holder, 2m anti-kink hose, 3-mode handset, soap dish, hose retainer ring and additional wall-mounted handset holder

RAIN HEAD SHOWER KIT

A fixed rainfall style shower head with a roaming handset for extra flexibility; easily switch between the two using the lever handle diverter.

- + Use with Mixer Valves and Bath Shower Mixer Taps
- + Includes: Riser rail with level handle diverter, fixed rainfall shower head, 3-mode roaming handset, button-operated sliding handset holder, 600mm hose (for connection to valve), 1.5m hose (for connection from diverter to roaming handset)

VETTORA TMV2 THERMOSTATIC MIXER SHOWER

The Vettora Thermostatic Mixer Shower is TMV2 approved, benefits from safe and reliable thermostatic protection, and features easy-to-use peg levers which independently control temperature and flow.

- + Stylish chrome-finished brass mixer valve
- + Available with water-saving fitted flow limiter for a maximum flow rate of 6lpm
- + Supplied with or without a shower kit, see page 6 for more information about shower kits
- + Valve can be installed with concealed or exposed pipework
- + 2-Year warranty if registered within 30 days of installation

AKW ARKA COOL TOUCH TMV2 MIXER SHOWER

The Arka Cool Touch Mixer Shower features two easy-to-use paddle levers which independently control temperature and flow, as well as innovative technology which ensures the valve is cool-to-touch while maintaining the required water temperature.

- + Cool touch technology ensures valve does not get hot
- + Available with water-saving fitted flow limiter for a maximum flow rate of 6lpm
- + Supplied without a shower kit, see page 6 for more information about shower kits
- + Valve can be installed with concealed or exposed pipework
- + 5-Year warranty if registered within 30 days of installation

Browse Electric Showers

## AKW iSURE ELECTRIC SHOWER

With a modern, minimalist design, the non-thermostatic AKW iSure Electric Shower features individual flow and temperature dials, an easy-to-use power button, and simple yet functional setting indicators.

- + 8.5kW / 9.5kW models
- + 6 cable / 8 water entry points
- + Retro-fit footprint which covers most manufacturers' models
- + Supplied with Chrome Shower Kit: 600mm riser rail with adjustable handset holder, 1.5m anti-kink shower hose, 3-mode handset, and hose retainer ring
- + 2-Year warranty if registered within 30 days of installation

## AKW iTHERM ELECTRIC SHOWER

Contemporary in its design, the AKW iTherm Electric Shower provides reliable thermostatic protection, features reactive digital LED display, and benefits from independent flow and temperature control dials that are incredibly easy to use.

- + 8.5kW / 9.5kW models
- + 6 cable / 8 water entry points
- + Retro-fit footprint which covers most manufacturers' models
- + Supplied with Chrome Shower Kit: 1m riser rail with adjustable handset holder, 2m anti-kink shower hose, 3-mode handset, soap dish, hose retainer ring, and additional wall-mounted handset holder
- + 5-Year warranty if registered within 30 days of installation

Sanitaryware

NAVLIN

Navlin, our premium sanitaryware collection, includes close-coupled (standard and raised height), back-to-wall, and wall-hung pans with a modern aesthetic.

Navlin pans are rimless with close-coupled WCs featuring a slimline cistern and three flush options.

Several wash basins - including a corner basin for smaller spaces - are available, along with a range of waste and pedestal solutions.

- + Standard and raised-height pans
- + Close-coupled, back-to-wall and wall-hung pans
- + Sensor, push-button and lever flush options
- + Lifetime warranty on sanitaryware
- + 10-year warranty on flush fittings

LIVENZA

Livenza offers a modest sanitaryware solution that does exactly what you need it to – without any frills.

The standard-height, close-coupled WC features a push-button flush and durable plastic seat, with a wall-hung option also available in the range.

Complementary wash basins are offered in three widths, with semi and full-height pedestals, and clicker waste compatibility.

- + Standard-height pan
- + Close-coupled and wall-hung options
- + Semi and full-height basin pedestals
- + Lifetime warranty on sanitaryware
- + 10-year warranty on flush fittings

LIVENZA PLUS

Contemporary yet classic in design, the Livenza Plus WC features a standard-height rimless pan, slimline cistern, and is available with a choice of two durable, soft-close seats and three convenient flush options.

One and two tap hole wash basins are offered in 450, 500 and 550mm widths, with semi and full-height pedestals, and multiple waste options available.

- + Close-coupled, standard-height pan
- + Two soft-close seat options
- + Semi and full-height basin pedestals
- + Lifetime warranty on sanitaryware
- + 10-year warranty on flush fittings

WASH BASIN TAPS

Our chrome-finished wash basin taps are available in several designs, with stylish pegs, ergonomic curved handles, and inclusive levers among the options.

Paired taps are offered for individual temperature control, as well as mixer taps which blend hot and cold water to create an ideal ambient temperature.

Wall Panels

Alvéo Dark Graphite Matt

## AKW MARLBROOK® WALL PANELS

Strong and long-lasting, these structural 12mm WPS plywood substrate panels are finished on both sides with a durable water and scratch-resistant, high-pressure laminate (HPL) coating available in six designs.

Marlbrook panels are ideal for uneven walls and can be installed over existing tiles if required, offering a vast reduction in preparation time.

Panels feature a square edge that can easily be trimmed down to size, and can be used to create boxing around unsightly pipework - or even to surround a bath for greater consistency.

- + 300 / 600 / 900 / 1220mm panel widths, 2440mm height
- + Square edge panel
- + Multiple profiles available, with 2-part profiles helping to reduce maintenance headaches

## AKW ALVÉO PVC WALL PANELS

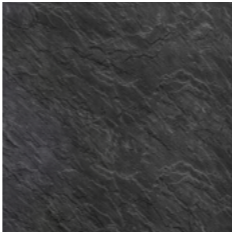

A cost-effective alternative to tiles, Alvéo PVC Wall Panels provide a highly durable, practical bathroom solution. Made from robust yet lightweight 10mm thick PVC, these panels are very easy to clean with fewer joins and dirt traps, and absolutely no need for grout.

Incredibly quick and easy to install with an interlocking tongue and groove edge, panels cover large sections of the wall and offer the flexibility to fit directly over almost any existing surface.

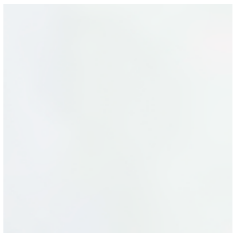

- + 600 / 1000mm panel widths, 2500mm height
- + Interlocking tongue and groove panel edge
- + Profiles and Accessory Fixing Kit also offered

EXTRACTOR FANS

Extractor fans increase air ventilation in high-humidity areas, helping to reduce the build-up of moisture in the home.

Our range includes AKW EnviroVent (pictured) and Vent Axia models which are ideal for the needs of domestic housing.

LIGHTING

Our bathroom lighting solutions are designed to exceed Building Regulations requirements and enable occupants to carry out daily tasks with as much ease as possible.

The range includes an 18W LED light (pictured) for installation on the wall or ceiling, as well as LED downlights and ceiling-mounted spotlights which can be used to highlight specific areas of the bathroom.

BATHROOM ACCESSORIES

Choose from our range of bathroom accessories to add functional yet stylish finishing touches to a bathroom.

Products include a bevelled mirror, toilet roll holders, towel rails and soap dishes in a variety of designs.

our website

## INDUSTRY INNOVATORS

With a portfolio of over 5,500 products designed to offer a one-stop shop solution, our expert in-house engineers create inclusive innovations that aim to make life better – and we do exactly that, better than anybody else.

## MANUFACTURED TO LAST

As experienced manufacturers, we oversee every stage of the production process from beginning to end, that's why we're confident enough to offer the longest warranties in the market and give our customers ultimate peace of mind.

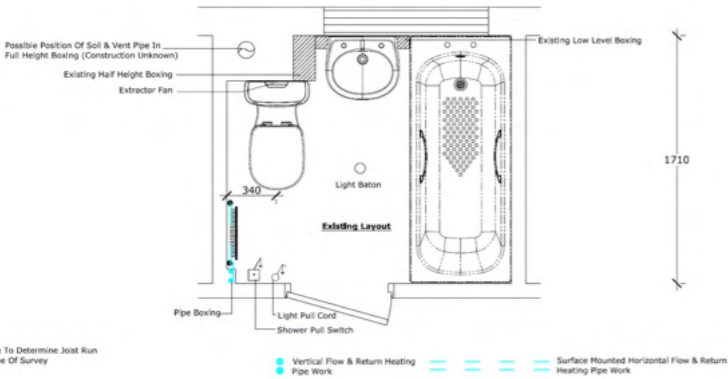

## PRIORITISING SAFETY

Our products are independently assessed and certified by third-party organisations, and rigorously inspected by AKW Quality Control colleagues who work to ISO standards to ensure they meet the required care and safety standards for our customers.

## NATIONWIDE SURVEYING SERVICE

Our nationwide team of skilled Surveyors can conduct on-site visits on the UK mainland within 10 days of full instruction.

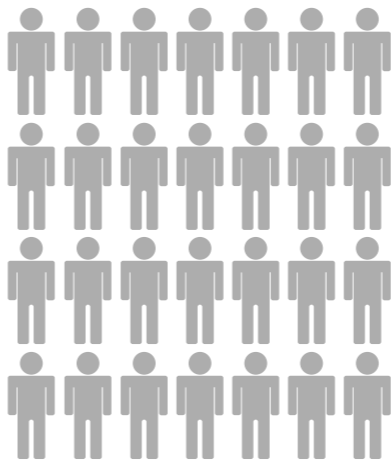

During their visit, they will take a variety of measurements and offer advice about the options available. After this, they will provide detailed 2D drawings of the existing and future bathroom designs to help deliver the most effective bathroom installation for the resident.

## WE'RE HERE TO HELP

Our experienced network of Sales Representatives can offer insightful knowledge and practical advice, we can even deliver Toolbox Training in person, in your local area.

We're also lucky to have a team of regional Customer Service Advisors trained to deliver market-leading support to our customers on the phone or via email.

## DEDICATED TRANSPORT NETWORK

With stock available from several UK-wide distribution hubs, we're able to provide next-working-day delivery services in partnership with renowned national distributors XPO Logistics and DPD, who delivered an impressive 99.16% of orders on time and in full in 2024.

## AFTERCARE & ON-SITE REPAIR

Take advantage of expert guidance from our in-house Technical Team who are just at the end of the phone and boast years of experience in the plumbing industry.

Should you need technical support on site, our nationwide team of skilled Maintenance Engineers can be with you within 3-working-days, if required.
