Lift solutions for your home

Cibes

UNIQUE LIFT CONCEPT

Cibes Lift has created one of the smartest lift solutions in the world. Our lifts adapt to your home, not the other way around.

All lifts from Cibes are delivered in ready-made modules with everything you need for installation. To personalise your lift, Cibes provides you with a great choice of different door models, colours and finishes.

The space saving footprint and 360 degree panoramic glazing of the lift shaft enable the lift to integrate seamlessly with any building. Robust, energy-efficient and durable, a platform lift by Cibes is a smart and cost-efficient alternative to a conventional lift.

OUTDOOR LIFT SOLUTION

Our weather resistant outdoor lifts offer comfortable access to all floors, create a seamless flow between your indoor and outdoor areas and preserve the space inside. Visit www.cibeslift.com to download our outdoor lift brochure and learn more about our outdoor lift concept.

FLEXIBLE & MODERN

Cibes modular lift solutions are very flexible in terms of sizes and design choices. Our lifts are incredibly compact and the timeless Scandinavian design adapts to all kinds of interiors and architectural styles.

CABIN LIFTS BY CIBES

Cibes cabin lifts combines the advantages of platform lift technology with the comfort of conventional passenger lifts. If you are looking for a comfortable lift which is elegant and easy to install, a cabin lift by Cibes, is a great choice.

- Automatic sliding doors
- One touch operation controls
- Timeless Scandinavian design
- Installed within days
- Low construction costs
- Reliable, 100 % electric drive system

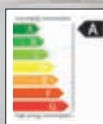

ECOSILENT DRIVE SYSTEM

Cibes platform lifts are available with our revolutionary EcoSilent drive system. To offer you and your loved ones a smooth and quiet ride, we took inspiration from the serenity of Swedish nature. The result is virtually soundless.

🔊 Bumblebee – 55 dB

🔊 Vacuum cleaner – 70 dB

A lift equipped with our innovative drive system carries Energy Label A and uses 45% less energy than a lift without. Yearly energy consumption based on a 2 stop lift with 3.6 m travel, equipped with EcoSilent and a frequency of use of 20 travels/day. Energy classification according to VDI 4707 Part 1: 2009. Tests conducted by Liftinstituut B.V. www.liftinstituut.com. Decibels measured 2 m from the lift, at constant speed and with a 150 kg load. All tests conducted by Springwell Audio AB, member of the Swedish Acoustical Society, www.springwellaudio.se.

WE HELP YOU ON EVERY STEP OF THE WAY

THE 1-2-3 SYSTEM:

Step 1: Your certified Cibes dealer provides personal advice for your specific situation. Step 2: Fast delivery and installation by your Cibes dealer. Step 3: Service provided by your Cibes dealer.

QUALITY INSTALLATION

Your Cibes dealer can visit the installation site in order to find the best lift solution for you. The lift is custom-made, so you can rest assured that it will fit.

SERVICE

Our screw-driven technology is simple and robust to reduce the need for maintenance. Nevertheless, it is important to keep your lift in good order. Therefore, we always recommend that you sign a service contract with your Cibes dealer.

Day 1 – Installation

First day – The bottom frame, guides and platform are installed. Your platform lift can be installed with or without a lift pit.

Day 2 – Installation

Second day – The doors, shaft and platform cladding are installed, all electrics are plug & play and easy to connect.

Day 3 – Installation

Third day – The finishing touches are applied and all functions of the lift are tested. Your lift is now ready to use.

All Cibes lift models carry the CE mark and go through extensive testing and quality checks before leaving our factory. Our lifts are certified products that comply with European Safety Standard Machinery Directive 2006/42/EC. The brand Cibes Lift is owned by Cibes Lift Group AB ©.
