Full test report available
in our document center
at www.skyfold.com.

KEY FEATURES AND BENEFITS

- ❖ Automatically retracts into the ceiling to reconfigure rooms and save floor space
- ❖ Extremely light weight: about 6.0 lbs/ft² (29.3 kg/m²)
- ❖ Quiet, effortless turnkey operation – no manual labor required
- ❖ Custom manufactured to meet your specific needs
- ❖ With an STC of 32, ideally suited to create a room barrier, from a school gymnasium to an airport baggage-claim area
- ❖ Available finishes include stainless steel, fabric, vinyl, melamine, wood veneer, paint, mesh*, netting*, grills* and more.

* These finishes will affect the STC rating.
