

THE WYKAMOL TRAINING PACKAGE WORKING WITH HOUSING ASSOCIATIONS, MANAGED SERVICES AND BUILDERS MERCHANTS

**PRODUCTS AND TRAINING FOR ISSUES OF DAMP, CONDENSATION,
MOULD, THERMAL TREATMENTS AND MUCH MORE...**

With the introduction of the 2018 - Fitness for Human Habitation Act, making properties warm and dry has never been as important!

The Wykamol Group are a UK manufacturer of a wide range of products **designed to treat all forms of dampness in buildings:** Rising Damp, Condensation, Mould, Thermal and Structural remediation. Our products and systems are extremely easy to use, ensuring that treatments are fast and effective with minimal impact to tenants.

We provide full training on the causes and treatments of damp including product demonstrations and site visits, to ensure that everything from surveying through to the completion of all remedial work is completed to the highest standards.

For more information on how Wykamol can help your organisation, please call **Jim McClelland 07768 652 610** (National Merchant Manager), Office: 01282 473100, email – jim.mcclelland@wykamol.com or visit www.wykamol.com
