

## Colour chart 2022

COLOURS OF NATURE

PRECIOUS METALS

SUBTLE & DISCREET

A vibrant garden scene featuring a monarch butterfly with orange and black wings perched on a purple flower. In the foreground, a pink flower is visible, and the background is filled with various other flowers and greenery, creating a soft, bokeh effect. The text "BE UNIQUELY YOU." is overlaid in a white, stylized font.

BE UNIQUELY YOU.

BE COLO

STAND OUT. SHINE.  
OURFUL.

# Jaga Colours

Jaga has environmentally-friendly electrostatic powder coating lines. Excess powder is recuperated and no solvents are used during this process. After having been thoroughly pretreated, the units are powder coated and baked. This ensures that the unit is both UV and scratch resistant.

What does the first digit of the colour code stand for?

**Code 1xx *Soft touch*:** finely-textured matte look, gloss degree < 10%.

**Code 2xx *Glossy*:** smooth gloss finish, gloss degree +/- 70%

**Code 3xx *Satin*:** smooth satin look, gloss degree +/- 30%

**Code 0xx *Metal lookalikes*:** the finish and the degree of gloss simulate the imitated material.

All our lacquered units are available in every code, except for the Strada, Linea Plus, Mini, Briza, Vertiga Hybrid, and Freedom units. These units are not available in **Code 2xx Glossy** and **Code 3xx Satin**. Our grilles and frames are available in all colours, with the exception of Sandblast grey 001. In case of intensive use (placement in circulation areas, for example in front of sliding windows and doors), wear is, of course, inevitable.

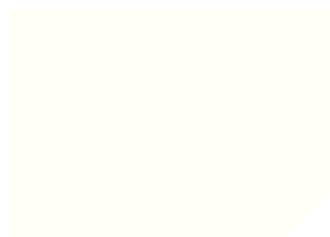

This colour chart has been compiled with the greatest care, nevertheless, minor deviations are possible.

# Standard

**133**

RAL 9016

Traffic white

**233**

**333**

**145**

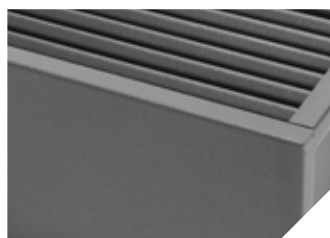

RAL 7021

Off-black

**001**

Sandblast grey

# Colours of nature

**157** NCS S 2005-Y20R

Sandstone

**158** RDS 050 70 30

Siena ocher

**159** RDS 060 60 60

Honey yellow

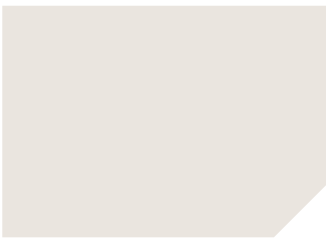

**160**  
Chocolate

**154** NCS S 1002-Y50R

Soft grey-pink

**155** RDS 350 85 10

Millenium pink

**111** RAL 3000

Flaming red

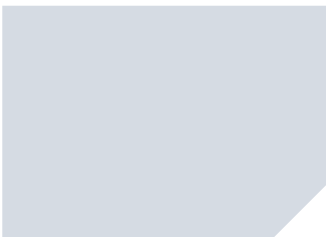

**156** RAL 3004

Purple red

**150** NCS S 1010-R80B

Soft grey-blue

**151** RAL 5014

Pigeon blue

**152** RAL 5010

Gentian blue

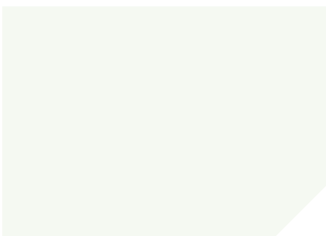

**153** NCS S 8010-R90B

Midnight blue

**147**  
Softgreen-beige

**148** RAL 6021

Pale green

**149** RAL 6001

Emerald green

**113** RAL 6009

English green

# Precious metals

**054** RAL 9006

White aluminium coloured

**057**

Titanium look

**058**

Rose gold look

**059**

Goldlook

**060**

Copper look

**061**

Gunmetal grey look

**062**

Stainless steel look

**063**

Silverlook

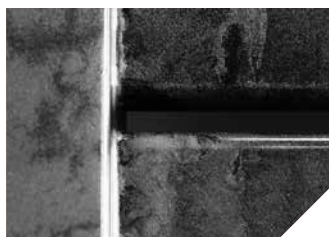

**055**

Corten steel look

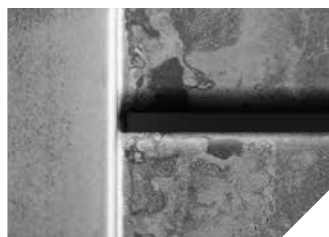

**064**

Transparent varnish glossy

**065**

Transparent varnish matte

The renderings of "**055 Corten steel look**", "**064 Transparent varnish glossy**" and "**065 Transparent varnish matte**" give an impression of the end result. Due to the uniqueness of the surface, the lacquer, and the applied techniques, each device will be unique.
