

**Authority** Power Access Systems installations comply with all national and international safety standards, including:

BS 6037: *Code of Practice for permanently installed suspended access equipment.*

BS 5974: *Code of Practice for temporarily installed suspended scaffolds and access equipment.*

BS 2830: *Specification for suspended chairs, cradles, and platforms for use in the engineering, construction and cleaning industries. CEN Standard for suspended access equipment.*

#### **OTHER PRODUCTS**

**Safety eyebolts, lines and walkways** Power Access Systems is an approved installer of the Latchways 'Mansafe' safety wire system, one of the most reliable systems available. The company can also install fixed safety eyebolts, walkways, ladders and gantries.

#### **MAINTENANCE AND TESTING**

The company's interest in access equipment continues long after delivery. Power Access Systems offers a comprehensive programme of after sales service, maintenance and testing tailored to the client's requirements to give many years of trouble-free operation.

*Member of the Suspended Access Equipment Manufacturers Association (SAEMA).*
