

## Technical Specification

### Size

The SK2 hospital pattern double bowl sink has an overall plan size of 1200 x 600 mm in accordance with the requirements of HTM64: Sanitary assemblies (2006).

### Waste Outlet

The two rectangular sink bowls have no overflow and are both supplied with a 38 mm 1 $\frac{1}{2}$ " BSP unslotted flush grated waste fitting

### Tap Hole Positions and Sizes

The double bowl sink as standard is not provided with tap holes.

As an option each of the sink bowls can be provided with either one central tap hole or two tap holes at 200 mm centres.

Tap hole sizes that can be provided are 22 mm dia, 28 mm dia and 35 mm dia.
