

Special Features

- ▲ FULLY RECESSED SPACE SAVING DESIGN
- ▲ FULLY CONCEALED PIPEWORK
- ▲ HYGIENIC AND VANDAL RESISTANT
- ▲ STAINLESS STEEL FINISH
- ▲ EASILY INSTALLED AT ADULT OR JUNIOR HEIGHT
- ▲ FLEXIBLE BUBBLER

Description

The wall recessed drinking fountain is hygienic, robust and easily installed at adult or junior height. The flexible non-squirt design shielded bubbler valve is positioned for ease of use and is activated by a self closing push button valve. The fully recessed design offers maximum space saving and all pipework is fully concealed.

Construction

The wall recessed drinking fountain is manufactured from grade 304 stainless steel polished to a satin finish and is mounted to a galvanised steel wall fixing frame. The fully recessed bowl incorporates a waste outlet and is formed to provide an integral splashback and surround.

Each drinking fountain is supplied with a flush grated waste fitting, a factory fitted flexible non-squirt design shielded bubbler valve and a self closing push button valve.

Option

- ▲ The drinking fountain is available in a BOTTLE FILLER version – please refer to model 486
