

Special Features

- ▲ VANDAL RESISTANT DESIGN
- ▲ COMPLETE WITH LID AND AUTOMATIC FLUSHING MECHANISM
- ▲ 4.5, 9.0 AND 13.65 LITRE CAPACITIES

Description

The automatic stainless steel cistern is suitable for flushing all urinals and is designed for exposed surface mounted installations. Available in three capacities, each cistern is supplied with a lid, petcock and automatic flushing syphon.

Construction

The cistern is manufactured in one piece without joints or crevices from 304 grade stainless steel, with all exposed surfaces polished to a satin finish

Available in 4.5 litre, 9.0 litre and 13.65 litre capacities, each cistern is complete with a removable lid held in position by security type screws.

Each cistern is supplied with a plastic automatic flushing syphon, petcock and all necessary sealing washers and nuts.
