### Description

The wash basin is ideal for most commercial applications and provides a large, robust stainless steel basin at a competitive price. The wash basin is supplied complete with wall mounting brackets. The basin can be supplied in a range of **Enviro-Glaze** colour finishes.

### Construction

The wash basin is manufactured in one piece without joints or crevices from grade 304 stainless steel, with all exposed surfaces polished to a satin finish. For ease of cleaning and hygiene an integral rear upstand is incorporated in the top of the wash basin. The wash basin is produced with two tap holes and is supplied as standard with a combined waste and overflow fitting, plug and chain.

Note: taps shown are for illustration purposes only and are not included

### Options

- ▲ **Enviro-Glaze** colour finishes (including white).
- ▲ Non-standard tap hole sizes.
- ▲ Water controllers, taps and valves
