

AUTOPA Open Spaces Triton Range

With a simple and traditional design, the Triton Range from AUTOPA open spaces is perfect for use in busy public spaces like schools, parks and playgrounds. Manufactured from galvanised mild steel, this robust range will complement any site, looking good for many years with only minimal maintenance.

The Triton Bench (without a back) and Seat (with a back) are supplied galvanised as standard (colour coated versions are available upon request; BS/RAL numbers must be stated at time of order) and are available flanged only.
